Showcasing Excellence,
Innovation, and Impact

*"Every page reflects a step forward in
the journey of knowledge, innovation,
and excellence."*

FLASHES Continues to Chronicle The Journey of Excellence

With this edition, MU FLASHES completes its journey through the Academic Session July 2025 – June 2026, capturing a year marked by achievement, innovation, growth, and countless memorable moments.

More than a newsletter, MU FLASHES serves as a window into the vibrant life of Medicaps University. This concluding issue highlights the significant events and accomplishments of the April–June 2026 quarter while completing the narrative of an extraordinary academic session. To help our readers revisit this remarkable journey, we have included the cover pages and web links to the previous three editions. Viewed together, these editions present a comprehensive record of the University's progress, achievements, and evolving aspirations.

Every page of MU FLASHES reflects the dedication, creativity, and collective efforts of our students, faculty, staff, alumni, and industry partners. Their contributions continue to strengthen Medicaps University's commitment to excellence, innovation, and holistic development. As we look back with pride on the milestones achieved and the memories created, we also look forward with renewed enthusiasm to the opportunities and successes that await in the coming academic year.

Thank you for being a part of the Medicaps journey. Happy reading!

Medicaps Celebrates Academic Excellence

Medicaps University proudly celebrates 25 glorious years of academic excellence, innovation, and transformative education, marking a remarkable journey from its inception to becoming one of Central India's leading private universities. Built on a strong foundation of quality education, research, industry collaboration, and holistic student development, the University has consistently empowered generations of learners to excel in their chosen fields.

Over the years, Medicaps has evolved into a multidisciplinary institution renowned for its world-class infrastructure, accomplished faculty, excellent research, and outstanding placement record.

As its Silver Jubilee year proudly celebrated, the University reaffirms its commitment to nurturing future-ready professionals, fostering innovation, and creating global opportunities for students. With a rich legacy and a forward-looking vision, Medicaps continues to inspire excellence, shaping leaders who will contribute meaningfully to society and the nation.

Events

“Where ideas take stage, talent finds voice, and excellence becomes experience.”

Societal Internship Programme with State Ministers

Medicaps University is taking a significant step towards promoting socially responsible education through its proposed Societal Internship Programme (SIP). The initiative aims to connect students with rural communities and schools, enabling them to contribute through teaching, community engagement, and other meaningful activities while gaining valuable real-world experience.

On 28 April 2026, Hon'ble Vice Chancellor Prof. Dilip K. Patnaik, accompanied by Prof. Sunil Upadhyaya, Dean of Planning Affairs, met Hon'ble Shri Gautam Tetwal, Minister of Skill Development and Employment, Hon'ble Shri Rao Uday Pratap Singh, Minister of School Education, and Hon'ble Shri Inder Singh Parmar, Minister of Higher Education, AYUSH and Technical Education, in Bhopal to discuss the implementation of the programme.

During the meeting, the University shared its vision of preparing society-ready students by integrating academic learning with community service. The proposed internship will provide students with opportunities to work closely with rural communities, helping them develop empathy, social responsibility, leadership, and a deeper understanding of societal challenges.

International Collaboration at Indo-French Conclave

MU proudly participated in the Indo-French Conclave, a prestigious platform that brought together distinguished leaders from government, diplomacy, industry, and academia to strengthen international cooperation and educational partnerships.

The conclave was graced by Hon'ble Chief Minister Dr. Mohan Yadav, Shri Chaitanya Kashyap, Minister of MSME, Mr. Thierry Mathou, Ambassador of France to India, and Shri Neeraj Mandloi, Additional Chief Secretary, along with the Medicaps University delegation comprising Mr. Palash Garg, Mr. Amod Bhatt, Dr. Ravindra Pathak, and Prof. Sunil Upadhyaya.

A major outcome of the event was the initiation of discussions between Medicaps University and Aivancity School for Technology, France, aimed at exploring opportunities for academic collaboration, student and faculty exchange, research partnerships, and global learning initiatives in India.

The participation in the conclave marks another important milestone in Medicaps University's journey towards internationalization, reaffirming its commitment to building strong global partnerships and providing students with world-class learning opportunities and future-ready education.

Building Future Ready Professionals Through Industry Integrated Learning

Medicaps University, in association with Bosch India Foundation, inaugurated the Automotive Two Wheeler Service Technician Program, a comprehensive 300-hour skill development initiative aimed at equipping students with industry-relevant technical competencies. The program has been designed to strengthen practical knowledge, enhance diagnostic and servicing skills, and improve career readiness in the automotive sector.

Through hands-on training, expert guidance, and an industry-aligned curriculum, participants will gain real-world exposure to modern two-wheeler servicing technologies and maintenance practices.

Medicaps Celebrates International Day of Yoga 2026

The Yog & Spiritual Club, in collaboration with the NSS Cell, celebrated the International Day of Yoga 2026 under the theme “Yog for Healthy Ageing.” Led by Dr Puja Singh, the event witnessed enthusiastic participation from faculty, staff, and students, who practised yogasanas, pranayama, meditation, and relaxation techniques to promote holistic well-being.

**Stretch, breathe, and discover the power within.
On International Yoga Day, We come together to celebrate health, harmony, and
holistic well-being. A healthier mind and body lead to a brighter future.**

Ph.D. Scholars Meet for Academic Exchange

The Department of Languages organised the PhD. Scholars Meet on May 29, 2026, focusing on research discussions, academic interaction, and scholarly collaboration. The event was conducted under the guidance of Dr Shipra Ahuja Joshi, HOD, Department of Languages, and chaired by Prof. (Dr) Abbas Ali Koser, DOAA. Prof. (Dr) V. Ganesan, DORA, and Dr Vipin Sharma, Associate DOAA. The meet provided PhD scholars a platform for knowledge exchange and strengthening research networking. The event was convened by Dr Awdhesh Singh Bhadoriya and coordinated by Prof. Disha Rajput, Prof. Prachi Ambulkar, and Prof. Ayesha Sheikh.

Scientia Utsav: A Celebration of Science

Scientia Utsav – A Cultural Celebration of Science & Research was organised on May 28, 2026, featuring an individual quiz competition for PhD. Research Scholars. The event provided a platform for scholars to showcase their knowledge in physics, research methodology, and scientific developments. Taranjeet Singh secured the first position, Dr Ujjawal Mahajan achieved second position, and Ms Meenakshi Rana secured third position. The event celebrated the spirit of scientific learning and research excellence with support from the Department of Physics and conveners Dr Mahesh Dhonde and Dr Aditi Jain.

Commerce Connect 2026 Reunites Alumni Community

The Department of Commerce organised Commerce Connect 2026, bringing together alumni from the 2019–2025 batches. The event was attended by Dr Sourabh Dave, Dr Jayesh Barve, Dr Ravi Vyas, and faculty members, fostering networking, alumni engagement, and discussions on future mentorship.

Demo Day 2026 Showcases Emerging Startups

MII Foundation successfully organised Demo Day 2026, featuring presentations from over 12 startups.

Chief Guest Mr Vishal Rathod, CTO and Co-Founder of Hyperflex, shared insights on entrepreneurship and innovation and was welcomed as a mentor to the MII Foundation Mentor Network, strengthening the university's startup ecosystem.

Five-Day Yog Workshop Promotes Holistic Well-Being

The Yog & Spiritual Club organised a five-day workshop on “Yog for Holistic Health and Well-being” ahead of International Day of Yog. 2026. Conducted by Dr Puja Singh, the programme introduced participants to yogic practices, meditation, and wellness techniques aligned with the theme “Yog for Healthy Ageing.”

International Fronts/MOUs/ Collaborations

***“Partnerships that expand
horizons, collaborations that
create tomorrow.”***

Honour of Distinguished Academic Laureate Award

Dr Bindiya Tater received the prestigious Distinguished Academic Laureate Award at the Global Business Summit 2026 held at Wyndham Acmar Klang, Malaysia, in recognition of her contributions to academia and leadership. The award was presented by Prof. Dr Azwil Bin Tunku Abdul Razak, Chairman of Wilmington Metropolitan University, along with representatives from the Malaysian Ministry of Education and the BRICS ASEAN Chamber of Commerce.

Strengthening Global Ties: Academic Collaboration with Phenikaa University

As part of Medicaps University's international engagement initiatives, Dr Rekha Jain, Associate Dean - Academics & Sciences, visited Phenikaa University, Vietnam. During her interactions with Dr Nguyen Quoc Dinh, Mr Dao Ha Vu, and other academic representatives, discussions focused on student mobility, collaborative research, and academic partnerships, paving the way for future global collaborations.

Celebrating Japanese Language Excellence at Konnichiwa Fest

Medicaps University students participated in Konnichiwa – Japanese Fest, organized by The Japan Foundation, New Delhi. A total of 140 students who completed the SWAYAM-NPTEL Japanese Language Certification were felicitated, with top performers receiving appreciation certificates from Mr. Makoto Saito, Japanese Language Advisor. Dr Ravindra Pathak, Head – Office of International Affairs, attended the event, which highlighted opportunities for higher education and careers in Japan.

Medicaps Partners with ICAAA to Empower Student Talent

MU signed an MoU with the Indian Collegiate Arts and Athletics Association (ICAAA), New Delhi, to expand opportunities in arts and athletics. The agreement was signed by Prof. P. Siluvainathan, Registrar, and Mr Anurag Shrivastava, Director, ICAAA, and aims to support students through scholarships, mentoring, and participation in national-level competitions.

Building Global Pathways: International Relations Wing Engages with Japan Foundation

The International Relations Wing strengthened its global outreach through a strategic meeting between Dr. Ravindra Pathak, Head-International Relations, and Japan Foundation representatives Mr. Taisei Toyomaru and Ms. Kyoko Takemoto. The discussion focused on academic collaboration, Japanese language training, and expanding placement opportunities for students in Japanese industries.

MoU with L&T EduTech Launches AI and IoT-Driven B.Tech Programs

Medicaps University has solidified a high-stakes partnership with L&T EduTech, signing a strategic MoU amendment to launch industry-integrated B.Tech programs in Electrical Engineering (Industrial IoT & Smart Systems) and Civil Engineering (Multimodal Transportation Infrastructure with AI & ML). The signing ceremony, attended by L&T representatives Mr. Sanjeev Sharma and Mr. Nitin Jain alongside the university's senior leadership and Prof. R. K. Pal, marks a major leap in academic innovation.

MEDICAPS UNIVERSITY
SIGNS
MOU WITH L&T EDUTECH
Strengthening Industry–Academia Collaborations

The Department of Electrical Engineering and Civil Engineering partner with L&T EduTech to bring:

Industry-Integrated B.Tech. Programs in:
Electrical Engineering (Industrial IoT & Smart Systems)
Civil Engineering (Multimodal Transportation Infrastructure with AI & ML)

Tech-Driven Rural Transformation Through Strategic Agritech Alliance

Under the visionary leadership of Pro Vice-Chancellor Dr. Birajashis Pattnaik, has partnered with Viraansh Agritech to advance IoT-enabled precision agriculture and carbon credit initiatives. The collaboration brings real-time agro-climatic monitoring to the adopted village of Ambachandan while creating impactful internship opportunities for Agriculture students. Guided by the Vice-Chancellor's vision of Academic Social Responsibility (ASR), the initiative promotes sustainable, technology-driven rural transformation.

UCL Liaison Drives Global Pharmacy Collaboration and Career Opportunities

The Faculty of Pharmacy and the Office of International Affairs hosted Mr. Nauman Naik from University College London for discussions on international academic collaboration with Shri Palash Garg. He also delivered an engaging session for Pharmacy students on global pharmaceutical research and international career opportunities.

Landmark MoU Integrates Elite CFA Preparation into B.Com. Curriculum

The Department of Commerce signed a landmark MoU with Sanjay Saraf Educational Institute to introduce an integrated B.Com. + CFA programme. Formalized by Prof. P. Siluvainathan and Mr. Sanjay Saraf, the collaboration integrates Chartered Financial Analyst (CFA) preparation into the curriculum, offering students expert insights into investment analysis, ethics, and global financial practices.

Commerce Department Partners with CRISP for BFSI Program

The Department of Commerce signed an MoU with CRISP (Centre for Research in Schemes and Policies) to launch the B.Com. (Hons.) BFSI program under the Apprenticeship Embedded Degree Program (AEDP). Signed by Registrar Prof. P. Siluvainathan and Ms. Pooja Kapoor, Senior Associate, CRISP, New Delhi, the collaboration will provide students with industry-integrated learning and hands-on exposure to the banking, financial services, and insurance sectors.

Awards/Recognitions/ Achievements

***“Celebrating merit, honoring
perseverance, inspiring excellence.”***

Celebration of Excellence at MCTE Convocation

Medicaps University was honoured to participate in the Convocation Ceremony at the Military College of Telecommunication Engineering (MCTE), Mhow, where 40 officers from the SODE-113 and TES-45 courses were awarded B.Tech degrees in Communication & Computer Science.

The ceremony was graced by Shri S. Krishnan, IAS, Secretary, MeitY, Government of India, along with senior defence officials. The presence of the Vice Chancellor of Medicaps University reflected the University's commitment to strengthening academic collaboration and supporting excellence in technical education. MU congratulates all the graduating officers and wishes them continued success in their service to the nation.

"Great institutions are built not only by knowledge, but by the opportunities they create."

IEEE Higher Education Summit 2026

Reinforcing the commitment of academic excellence and thought leadership, Prof. (Dr.) Dilip Kumar Patnaik, Vice Chancellor, represented MU in the prestigious IEEE Higher Education Summit 2026, held at ITC Maurya, New Delhi. The summit was inaugurated by Prof. Bhim Singh, ANRF National Science Chair.

Organized by IEEE in collaboration with EBSCO, the invitation-only leadership summit was centered on the theme, "Reimagining Private Higher Education in India: Innovation, Sustainability, and Competitiveness." The event brought together distinguished Vice Chancellors, Directors, academic leaders, policymakers, and senior industry executives from leading higher education institutions across the country to deliberate on the future of private higher education in India.

The summit featured engaging discussions on research-led transformation, artificial intelligence, semiconductor technologies, digital innovation, sustainability, industry-academia collaboration, and institutional competitiveness.

The participation of the Vice Chancellor at this distinguished national forum reflects University's continued dedication to academic innovation, quality education, research excellence, and meaningful engagement with global and national educational initiatives.

‘Behind the Desk’ Spotlights Vice President, Branding & Promotion “Ms Saloni Garg”

Behind the Desk Episode 03- with Ms. Saloni Garg, Director Branding & Promotion, Medicaps University: <https://www.youtube.com/watch?v=G0yVUp-w16s>

The Department of Journalism & Mass Communication proudly released a new episode of “Behind the Desk” on Medicaps TV, featuring Ms. Saloni Garg, Vice President, Branding & Promotion. The episode offered viewers an engaging and thought-provoking conversation centered on the evolving landscape of branding, strategic communication, leadership, and innovation in higher education.

During the interaction, Ms. Garg shared valuable insights from her professional journey, discussing the challenges and opportunities involved in building a strong institutional brand in today's highly competitive educational ecosystem. She emphasized that successful leadership is rooted in vision, adaptability, collaboration, and the ability to inspire teams to achieve common goals. Stressing the importance of creativity and innovation.

Dr. Rekha Jain, ADOAA appointed as a Member of the Editorial Board at Eagle Leap Publication, Pune. This recognition reflects her academic expertise and valuable contribution to scholarly publishing and research.

Dr. Supriya Kumawat, Department of Commerce has been selected for Government publication book writing of Corporate Accounting marking a significant academic milestone.

Dr. Jitendra Talreja, Department of Commerce, has been selected for Government publication book writing of Investment Management, Corporate Accounting, and Security Analysis and Portfolio Management and have received their official appointment letter.

Prof. Chinmay Arondekar and Prof. Barkha Namdev, Department of Computer Applications successfully completing the NPTEL certification courses “Machine Learning for Engineering and Science Applications” offered by IIT Madras and “Qualitative Research Method and Research Writing” offered by IIT Kharagpur during January–April 2026.

Dr. Priyamvada Tiwari, Department of Law successfully participated in the Faculty Development Programme on "Technology-Integrated IPR Innovations and Project-Based Learning in Higher Education" held from 1–5 June 2026, and Harshita Bindaiya participated in the Workshop on Trial Advocacy conducted by MPHC Advocate Shravan Lahoti on 24 April 2026. These achievements reflect the department's commitment to continuous professional development and practical legal education.

15-Day Internship at NATRAX, Pithampur

From the Department of Electrical Engineering Prof. Preeti Singh, along with Prof. Parag Raverkar (EC), Prof. Khaliq Ahmed (EE), and Prof. Ram Bansal (ME), successfully completed a 15-day Faculty Internship at NATRAX (National Automotive Test Tracks), Pithampur, from 8th June to 20th June 2026.

The internship was conducted in the Electric Vehicle (EV) Testing Section, where the faculty members gained valuable hands-on exposure to advanced EV testing procedures, battery systems, charging infrastructure, vehicle dynamics, safety standards, and industry practices.

From the Department of Civil Engineering Dr. Rohini C. Kale received Reviewer Recognition from the KSCE Journal of Civil Engineering in May 2026. Dr. Chayan Gupta appointed as a Member of the Technical Committee for the International Conference on Ground Engineering & Sustainable Infrastructure (ICGESI-2026), organized by the Department of Civil Engineering, National Institute of Technology Hamirpur and the Indian Geotechnical Society – Hamirpur Chapter, held on 3–4 April 2026, and received Reviewer Recognition from Discover Civil Engineering in May 2026.

Clinch First Prize at Citronics Inter-College Competition

Final-year students from the Department of Commerce secured 1st position at the “Citronics” event hosted by Chameli Devi Group of Institutions, outperforming 15 teams and winning a ₹5,000 cash prize. Guided by Dean Prof. Priti Pandey and Coordinator Prof. Megha Patidar, the team showcased exceptional marketing and branding skills.

BBA Student Achieves Aquatics Glory

BBA Final Year student Bhavesh Choudhary achieved remarkable success at the 54th MP State Aquatic Championship 2026 held in Rewa. He secured a Gold Medal in 50m Freestyle with a new record and a Silver Medal in 4×100m Freestyle Mixed Relay, bringing pride to the university.

Student Exchange Batch Completes Global Journey

The January–May 2026 Student Exchange Batch completed their international academic journey at INTI International University, Malaysia, and Aivancity School for Technology, Business and Society, France. The students shared their global learning experiences, cultural exposure, and academic insights with the Hon'ble Vice Chancellor and Shri Akshit Garg, Director (Administration & Finance).

The Commerce Department congratulates Aaryan Sogat Singh for successfully representing the institution by participating in the Annual Training Camp-61 (1 MP Air Sqn NCC) held from 1-10 May 2026, and the prestigious All India Trekking Camp, Amarkantak Trek-II (MP & CG Directorate, 1 MP Air Sqn NCC, Indore) conducted from 9-16 June 2026, showcasing discipline, leadership, and adventurous spirit.

Dr. Jyoti Pandey published "Interpreting Biosignatures for Diagnosis and Treatment Monitoring of Tuberculosis, Including the Detection of Drug Resistance" in Current Topics in Chemistry (May 2026). Additionally, Dr. Jyoti Pandey, Asha Rani Pyati, and Dr. Niharika Gokhale co-authored "Scaffold Hopping in Medicinal Chemistry: Computational Approaches and Applications", published in the International Journal of Drug Delivery Technology (April 2026).

The Commerce Department proudly congratulates Prof. Arshad Hussain, Dr. Ravi Vyas, Dr. Anupam Narula, Prof. Gaganjeet Singh, and Prof. Rupam Jyoti Deka on the publication of their research paper, "Harnessing Virtual Influencers for Technological Sustainability in the Fashion Industry: Impacts on Consumer Behaviour and Eco-Friendly Practices," in the International Journal of Business and Management (IJBM), 2026.

"Talent opens the door, but dedication and perseverance lead to lasting success."

Dr. Mohsin Ali, Department of Computer Applications published a research paper, "Kalman-Adam: Optimal Bayesian Moment Estimation for Memory-Efficient and Generalizable Deep Learning," in the prestigious Knowledge-Based Systems (Elsevier) on 7 June 2026.

Dr. Rahl Dravid, Dr. Keerti Acharya, and Prof. Divita Sharma, from the Department of Mathematicson published their research paper, "Analysis of Drug Absorption Rate," in the Journal of Chemical Health and Risk (April 2026), and Dr. Ashish Soni and Dr. Kirty Jadhav published a research article titled "Fuzzy Logic-Based Model for Blood Glucose Monitoring and Diabetes Control" in the MSW Management, Multidisciplinary, Scientific Work and Management Journal (May 2026).

Prof. Sourabh Billore, Dr. Hemant Khambete, and Dr. Sanjay Jain published a research article titled "Physico-Chemical Characterization and Acute Toxicity Study of Ethanolic Extract of Parthenium hysterophorus" in the Asian Journal of Pharmaceutics (May 2026).

In June 2026, Dr. Sumeet Prachand published "Curcumin-Loaded Polymeric Nanoparticles for Targeted Brain Delivery in Alzheimer's Disease", while Prof. Nilesh Gupta, Dr. Sumeet Prachand, and Prof. Poonam Sharma published "Therapeutic Applications of Quantum Dots in Human Wound Healing: Advances and Future Perspectives", both in the International Journal of Drug Delivery Technology.

Dr. Jyoti Pandey published two book chapters, "Biomarkers as Therapeutic Tools in Medical Diagnostics and Disease Monitoring" (ISBN: 979-8-89881-403-8) and "Apolipoprotein F in Drug Delivery Systems: Targeted Pharmacotherapeutics" (ISBN: 978-0-443-40563-1), published in June 2026. Also Prof. Nishesh Gupta published of the book chapter "Ethical Consideration" (ISBN: 978-0-443-31424-7).

From Department of Civil Engineering Dr. Surya Pratap Singh published a book chapter "Numerical Modelling of an Embedded Circular Footing on Stratified Sand with Varying Load Inclinations" in the book Innovation and Sustainability in Civil Engineering: Shaping Tomorrow's Infrastructure (Volume 3) (ISBN: 978-981-95-8014-9), published on 22 May 2026.

MEDCAPS FACULTY OF SCIENCE

CONGRATULATIONS
FOR PUBLISHING A PATENT

TITLE
PEDAGOGY DEVICE FOR ONLINE TEACHING AND LEARNING

PROF. MANISH KISHI
DEPARTMENT OF COMPUTER SCIENCE
MEDCAPS UNIVERSITY, INDORE

Prof. Priyanka Parmar, Department of Computer Applications, published a patent on "Adaptive Blockchain-Enabled Machine Learning-Based Real-Time Fraud Detection and Cybercrime Prevention in E-Commerce" (Application No. 202621042828 A) on 5 June 2026. Also Prof. Chinmay Arondekar and Prof. Barkha Namdev published a patent on "Computer Device for AI-Based Defect Detection" (Patent No. 6528760) on 11 June 2026.

Dr. Rahul Dravid registered a design patent "Autonomous Machine Learning, Enabled Robot for Inspection, Campus Monitoring, and Educational Resource Management" (Design No. 6513703), and Dr. Megha Shrivastava and Prof. Divita Sharma registered a design "Agricultural Disease Detection and Management Apparatus" (Design No. 6518931) in April 2026.

From the Department of Civil Engineering Prof. Ashwin Sharma, Prof. Ubaid Hanfee, Prof. Gourav Awasthi, Prof. Ankit Soni, Prof. Vinay Joshi, and Prof. Ashwin Parihar filed an Indian patent titled "Development of Novel Polymer Compositions for Enhanced Thermal Stability in Extreme Environments."

On 18 June 2026, the same team also filed two additional Indian patents: "A Machine Learning-Based Climate Prediction and Environmental Risk Assessment System" and "IoT-Driven Smart Energy Grid with Real-Time Demand and Supply Optimization for Urban Sustainability."

Dr. Anjali Soni and Ms. Iti Dhakad published a research paper entitled as Synthesis and Characterization of Barium-Doped ZnO Nanoparticles and Their Photocatalytic Degradation of Malachite Green, published in Journal of Applied Bioanalysis.

Future Libraries Unbound

The book “Future Libraries Unbound: Transforming Information Access in the Digital Knowledge Era” authored by Dr Anurag Kumar Khare, Librarian, and Ms. Mayuri Kendurkar, Senior Assistant Librarian, was inaugurated by the Hon’ble Chancellor and Vice-Chancellor. The publication highlights emerging trends and innovations in library and information science, reflecting the authors’ contribution towards knowledge advancement and modern library practices.

Dr. Anurag Kumar Khare and Ms. Mayuri Kendurkar also published a research paper on “Current development in Open Educational Resources for Indian Higher Education : A Study” in International Conference on “TRANSFORMING KNOWLEDGE FRONTIERS: ARTIFICIAL INTELLIGENCE (AI) AND OPEN ACCESS” jointly organized by SVKMs Narsee Monjee Institute of Management Studies (NMIMS), Shirpur, Central Library and Khon Kaen University, Thailand during June 12-13, 2026.

Dr. Khare and Ms. Kendurkar have attended Webinar on SCITE.AI organised by FRIE Library and Information Science Society Jointly with Asian College of Engineering & Technology, Coimbatore on 22nd May 2026.

Dr. Anurag Kumar Khare, has attended a Webinar on Google Notebook LM: AI Research Tool & Thinking Partner on 06th June 2026 organized by Delnet, New Delhi. Ms. Mayuri Kendurlar, Senior Assistant Librarian, has attended a Webinar on Research Smarter with Elicit -An AI Tool on 25th May 2026 organized by Delnet, New Delhi.

Five students from the Master of Library and Information Science (M.Lib. & I.Sc.) programme of Devi Ahilya Vishwavidyalaya, Indore, successfully completed a one-month summer internship at the Central Library, Medicaps University, from 01 June 2026 to 30 June 2026, under the guidance of Dr. Anurag Kumar Khare, Librarian. On the successful completion of the internship, the students were awarded certificates by the Hon'ble Vice-Chancellor, Prof. (Dr.) Dilip K. Patnaik, in the gracious presence of Registrar Prof. P. Siluvainathan. The internship provided the students with valuable practical exposure to modern library operations, digital resources, and library management practices, enriching their professional knowledge and skills.

Industrial Visits/ Educational Tours/ Outreach Activities

***“Learning beyond walls - experience
that transforms education into
exposure.”***

Representation at Historic Global Time Science Conference

Launched by Union Minister Dharmendra Pradhan and CM Mohan Yadav, the “Mahakal: The Master of Time” conference envisioned reinstating Ujjain as the Global Prime Meridian. Representing Medicaps University, Prof. Malyaj Das and Prof. Ankit Soni participated in discussions integrating ancient Kaal Ganana with modern astrophysics, space research, and innovation, while highlighting Ujjain’s growing role in global time science.

Debut at Study Abroad Expo 2026 to Showcase Global Partnerships

Medicaps University marked its debut at the Study Abroad eXpo 2026 in Bhopal, becoming the first institution from Madhya Pradesh to participate at this scale. In collaboration with KC Overseas Education, the university showcased international opportunities through global partners, including Woosong University, INTI International University, and Aivancity School for Technology, Business & Society, alongside leading institutions like Queen’s University Belfast and Trinity College Dublin.

Narmada Water Project Field Visit

The Department of Chemistry organized an educational visit to the Narmada Water Supply Project, Jalud, for B.Tech first-year students under the Fast Learner's Activity. Guided by Dr. Shalini Sharma and Ms. Hitendra Kaur, students explored the physical, chemical, and biological treatment processes of Narmada water.

Students Explore Advanced Robotics at Hettich India Industrial Visit

The Department of Mechanical Engineering bridged the gap between theory and high-tech reality with an industrial visit to Hettich India Pvt. Ltd., Pithampur. Guided by Prof. Sanjay Mohite and Mr. Manish Thakur, students of RA IV-B gained exclusive access to world-class assembly lines and advanced robotics and automation systems.

Tour to IPCA Labs to Explore US-FDA Standard Manufacturing

The Faculty of Pharmacy organized an industrial visit to IPCA Laboratories for B.Pharm and M.Pharm students. Led by Mr. Chetan Solanki, students explored Active Pharmaceutical Ingredient (API) manufacturing, advanced purification processes, and industry practices aligned with GMP and US-FDA standards.

45-Days Internship at Sun Pharma Academy

Under the Internship and Apprentice Model MoU, eight students from the Faculty of Pharmacy (7 B.Pharm and 1 M.Pharm) completed a 45-days internship at Sun Pharma Technical Academy.

Agribusiness Leaders on Five-Day Experiential Tour

Led by Prof. Rajul Soni and Prof. Murlidhar Iyer, final-year Agriculture students completed a five-day Experiential Learning Program (ELP) tour to Jain Irrigation Systems Ltd. and Sula Vineyards. Students gained practical exposure to tissue culture, orchard management, food processing, viticulture, and agribusiness operations.

Faculty Initiated Organic Heat-Resistant Black Gram Field Trial

The Faculty of Agriculture initiated a field research trial at Z Block to address rising temperatures in summer farming. The study evaluates IPU 11-02, a heat-resistant summer black gram (Urdbean) variety, cultivated under 100% organic conditions.

Civil Engineering Students Tour UltraTech Cement to Study Sustainable Manufacturing

The Department of Civil Engineering, led by HoD Prof. Chayan Gupta, organized an industrial visit to UltraTech Cement for undergraduates. Under the guidance of Prof. Ruchir Lashkari, Prof. Sankalp Sharan, and Prof. Deepak Patel, students explored cement manufacturing processes, including raw material processing, VRM operations, clinker formation, and sustainable practices.

Tour to Corsis Technologies to explore Fiber Cable Manufacturing

Coordinated by Prof. Priya Rathore and Prof. Parag Raverkar, the Department of Electronics Engineering organized an industrial visit to Corsis Technologies for B.Tech EC students. Guided by industry experts Mr. Umesh and Mr. Prashant, students explored Optical Fiber Cable (OFC) manufacturing, including fiber coloring, buffering, and automated cabling processes.

Strengthen Startup Ecosystem at Investor Blueprint 2026

MII Foundation represented Medicaps University at the Investor Ready Startup Blueprint 2026, organised by eRoof Community and Micro Mitti. Led by startup expert Mr Ravi K. Ranjan, the event provided valuable insights into fundraising, investor expectations, and startup scalability.

AI & Data Hygiene Outreach at Government Middle School Sanawada

Led by Dr. Hemant Pal and Dr. Sanjeev Gour, the Department of Computer Science organized a Social Outreach Programme focused on Data Hygiene and the impact of Artificial Intelligence at Government Middle School Sanawada.

NSS Volunteers Attend "C" Certificate Interviews at IET-DAVV

Eleven NSS volunteers appeared for the NSS "C" Certificate interview at Institute of Engineering and Technology DAVV before a panel comprising the MP State Youth Officer, NSS District Coordinator, and DAVV Program Coordinator.

Live AI Demonstrations to PM Shri School

Coordinated by Prof. Rajesh Kumar Kharche and Prof. Sakshi Dubey, the Department of Computer Applications conducted a Social Outreach Programme on the practical applications of AI tools through live demonstrations at PM Shri Govt. High School.

Hands-On Titration Workshop at Govt. Girls School

Led by Dr. Rajendra Kumar Sharma, Ms. Hitendra Kaur Sidhwani, and Dr. Shalini Sharma the Department of Chemistry conducted an outreach activity at Government Girls H.S. School featuring hands-on demonstrations of Redox and Acid-Base titrations.

Communication & Career Guidance Workshop at School

Led by Dr. Shipra Ahuja Joshi, Dr. Rajendra Singh Chouhan, and Dr. Awdhesh Singh Bhadoriya, the Department of Languages organized an outreach program at the Government Higher Secondary School, focusing on communication skills and career guidance.

Visit to Prataap Snacks to Study Automation and PLC Systems

The Department of Electronics Engineering organized an industrial visit to Prataap Snacks Limited for B.Tech second-year students. Guided by Plant Head Mr. Achyut Tripathi, students explored automated production systems driven by sensors, controllers, and PLC-based technologies.

Traditional Healthcare at Shubhdeep Ayurvedic College

Coordinated by Prof. Amir Rasool, Prof. Harshit Gupta, and Prof. Sushmita under the guidance of HoD Dr. Ruby Bhatt, the Department of Health & Allied Sciences organized an Indian Knowledge System (IKS) visit to Shubhdeep Ayurvedic Medical College and Hospital for first-year B.Sc. MLT and CVT students for exploring Ayurveda, traditional diagnostics, herbal pharmacology, and holistic healthcare practices.

Fire and Safety Awareness Program at Atri Devi Government School

Led by Dr. Abhishek Shrotriya and Prof. Ashwin Parihar, the Departments of Mechanical and Civil Engineering conducted a Fire and Safety Awareness Program featuring demonstrations on emergency response and fire safety by Prof. Rituraj Raghuwanshi.

Visit to Reva Flora to Study Plant Tissue Culture

Coordinated by Dr. Vandita Parashar and Dr. Arjun Meda under the guidance of HoD Dr. Mukesh K. Patidar, the Department of Biotechnology organized an industrial visit to Reva Flora for B.Sc. VI Semester students for gaining practical exposure to plant tissue culture and modern agricultural techniques.

Health, Wellness & Donation Drive at Ashanilaya Old Age Home

Under the guidance of Dean Dr. Sanjay Jain, the Faculty of Pharmacy organized an outreach activity at Ashanilaya Old Age Home, where students conducted sessions on Soochhm Vyayam, followed by the donation of groceries and a first aid kit.

Social Outreach for Intellectually Disabled Individuals

Led by Dr. Nihar Ranjan Agasti, Dr. Dipti Sharma, and Dr. Aniket Sane, the Faculty of Management Studies and the Business Innovation Club organized an outreach activity focused on social awareness and engagement with individuals with intellectual disabilities at Shri Shri Utkarsh Samiti.

Military History Tour at Infantry Museum

Guided by Prof. A. A. Koser and coordinated by Dr. Malyaj Das and Dr. Mohd. Shakil Qureshi, the IKS Cell and the Science Club with the Department of Physics, organized an outreach visit to the Infantry Museum exploring the evolution of Indian military history.

Visit to Dabur India

Guided by Prof. Ashish Dixit, Prof. Kumar Niraj, and Prof. Naresh Kumar Chadar, and coordinated by Dr. Bindiya Tater, Dr. Shilpa Raghuwanshi, and Dr. Samir Dubey, the 47 BBA (Business Analytics) students visited Dabur India Limited to gain practical insights into analytics-driven manufacturing and supply chain operations.

Community Outreach by the Chemistry Department

The Department of Chemistry organised an outreach activity at Shri Anand Hindu Vatsalya Ashram, Pipalkheda, Dhar, on May 09, 2026, with a focus on creativity, learning, and community engagement. The activity included a drawing competition, interactive sessions, motivational discussions, and fun activities for children. Prizes were distributed to winners, creating an encouraging and joyful environment. The initiative highlighted the importance of social responsibility with support from faculty coordinators Dr Priyanka Karandikar and Dr Priya Chauhan.

Industrial Safety Expert Session at Jindal Steel

Prof. Rituraj Raghuvanshi from the Department of Mechanical Engineering delivered an expert session on Industrial Safety Management at Jindal Steel, Raigarh. The session focused on risk management, workplace safety, and fostering a strong safety culture for sustainable industrial operations.

Students Gain Industry Exposure at The UpThrust

The Techno Clubs and Department of Computer Science & Engineering organized an industrial visit to The UpThrust for 26 students under the guidance of Dr Sonu Kumar and Prof. Ankita Chaurasia. Students explored game development, UI/UX design, web and app development, and emerging industry technologies.

Visit to Safe Flex International

Coordinated by Dr. Bindiya Tater, Dr. Ruchi Kushwah, and Prof. Sagar Yadav, the Faculty of Management Studies organized an industrial visit to Safe Flex International Limited for practical exposure on export-oriented manufacturing, supply chain operations, and industrial automation to BBA IV Semester students.

Conferences/ FDPs/Workshops

***“Where knowledge converges,
innovation accelerates, and
professionals evolve.”***

Empowering Educators with the Tools of Tomorrow

The Department of Computer Science & Engineering organized a two-week Faculty Development Program (FDP) on "Python Programming for Pharmaceutical Sciences" to promote interdisciplinary learning and enhance technical competencies among participants. The FDP covered Python fundamentals, data analysis, data visualization, and healthcare-focused applications through hands-on sessions using industry-relevant tools such as Pandas, NumPy, SciPy, and Seaborn. Participants also explored practical case studies demonstrating the application of Python in pharmaceutical and healthcare research.

Advancing Healthcare Through Technology and Learning

8-Day FDP on AI in Smart Teaching and Learning

Led by Convener Prof. Ruby Bhatt and Co-chair Prof. D. S. Rao, the Faculty of Engineering and Department of Computer Science, in collaboration with AIU-MU AADC, concluded an 8-day FDP on “Leveraging AI in Smart Teaching & Learning” on April 18, 2026. The program featured a panel on “The Future of AI-Enabled Universities” with experts Mr. Pradeep Raghuwanshi, Prof. Ajay Kulkarni, Prof. Ratnesh Litoriya, Prof. Prashant Panse, and Prof. Manoj Kumar Rawat.

Design Thinking and Critical Thinking Workshop

Medicaps IIC (CFI) organized a “Design Thinking & Critical Thinking” workshop led by Prof. Ram Janm Singh, focusing on user-centric innovation and structured problem-solving through real-world case applications.

15-Day Joint FDP on Blockchain and Decentralized Systems

MU concluded a 15-day Joint FDP on Blockchain and Decentralized Systems (40 hours), featuring sessions by Dr. Samir Jain - Alfa TKG Co. Ltd., on Hyperledger Fabric, and Prof. Ashok Kumar Das - IIT Hyderabad, on Post-Quantum Security. The valedictory was graced by Dr. B. V. Phani, Prof. Aparajita Ojha, and Prof. Meenakshi Tripathi

FICCI and MSME Incubation Meet

Dr. Amrita More and Prof. Mudita Dave represented Medicaps University at a high-level incubation meet held in collaboration with the FICCI Young Leaders Forum (YLF) and MSME.

This strategic summit focused on dismantling the walls between industry and academia, architecting robust startup support mechanisms, and supercharging the innovation ecosystem

"Project Spark" From Idea to Innovation

The Computer Science Department hosted "Project Spark: From Idea to Innovation," where 15 elite projects were handpicked from 90 submissions for their technological brilliance and social impact. Convened by Dr. Govinda Patil, Dr. Rajdeep S. Solanki, and Dr. Abdul R. K. Qureshi, Supported by Dr. Ruby Bhatt and senior leadership, the event successfully transformed student concepts into high-impact technological solutions.

IT Mini Project Exhibition

Convened by Dr. Jyoti Kukade and Prof. Dinesh Bhayal, and led by Dr. Vidhya Barpha (HoD), the IT Department conducted the Mini Project Exhibition on April 29, 2026. The 110 B.Tech students showcased 40 innovative projects, bridging the gap between classroom theory and real-world applications.

Technical Fiesta Showcases Innovation in Mechanical Engineering

Coordinated by Dr. Shubham Soni, Dr. Rita Nagwal, and Dr. Swati Mishra, the Department of Mechanical Engineering organized Technical Fiesta, a vibrant Project and Poster Exhibition featuring students from Mechanical Engineering, Robotics & Automation, and Automobile (EV) programs.

CAD SPRINT 2026 Highlights Technical Excellence in Design

Coordinated by Prof. Ankit Gupta and Dr. Jeetendra K. Singh, the Department of Mechanical Engineering organized CAD SPRINT 2026, an AutoCAD Speed Modelling Challenge designed to assess students' precision, creativity, and technical proficiency in computer-aided design. The event provided a competitive platform for aspiring engineers to demonstrate industry-relevant drafting and rapid problem-solving skills. The valedictory ceremony was graced by Pro Vice-Chancellor Dr. Birajashis Patnaik, who applauded the participants for their innovative designs and outstanding performance.

Future Living: Physics Innovation for a Better Tomorrow: Exhibition 2026

Department of Physics and the Physics and Astronomy Club organized the Mini Project Exhibition 2026 under the theme “Future Living: Physics Innovation for a Better Tomorrow,” featuring 53 innovative projects presented by 125 first-year B.Tech students. A major highlight of the event was the release of the Project Abstract Booklet (Volume 3). Graced by the Hon’ble Vice-Chancellor and senior university leaders.

Paper Bridge Competition

The Department of Civil Engineering hosted a high-energy Paper Bridge Competition, where 28 teams showcased their structural ingenuity and creative design skills. The event was graced by Pro Vice-Chancellor Dr. Brijashis Patnaik and Dean of Student Affairs Dr. Shilpa Tripathi, who commended the participants for their technical precision and innovative approach to engineering challenges. Under the leadership of HoD Prof. Chayan Gupta, the competition served as a dynamic platform for students.

Electrical Engineering Students Gain Industry Exposure at Ralson Tyres

Led by HoD Dr. Santosh Singh Raghuwanshi and coordinated by Mr. Prasad Muley, Dr. Pavan Mehta, Dr. Anurag Singh Yadav, and Prof. Nishant Dwivedi, the Department of Electrical Engineering and the Placement Cell organized an industrial visit to Ralson Tyres, Pithampur, for B.Tech students. Guided by industry experts, Mr. Umesh Deshmukh, Production Manager, and Ms. Monali Yadav from the HR team, students gained firsthand exposure to modern manufacturing practices,

Technical Workshop on Molecular Analysis Techniques

Convened by Prof. Ajay Biswas and Dr. Arjun Meda, the Department of Biotechnology and Forensic Science hosted a technical workshop on Molecular Techniques for DNA and RNA Analysis, featuring Dr. Mukesh K. Patidar (HoD, Biotechnology) as the keynote resource person. The session, chaired by Prof. A. A. Koser (DoAA & Dean Science), Prof. Rekha Jain (Assoc. Dean), and Dr. Kavita Sharma (HoD, Forensic Science), focused on high-demand applications in genetic research and forensics.

Students Explore Manufacturing Operations at COMSYN

Led by the HoD, Department of Management Studies organized an industrial visit to COMSYN, Pithampur, providing 35 MBA students with practical insights into production and supply chain processes. Guided by Ms. Sheetal Jat, HR Executive, and Mr. Digvijay Pratap Singh, students observed the complete manufacturing lifecycle.

Innovation Sprint 2026 Challenges in App Development

The Department of Computer Science & Engineering, in collaboration with Intel Unnati and the Edulateral Foundation, organized Innovation Sprint 2026, a one-day hackathon focused on app development.

Python FDP Bridges Technology and Pharmaceutical Sciences

The Department of Computer Science & Engineering launched a two-week FDP on Python Programming for Pharmaceutical Sciences. Hon'ble Vice Chancellor Dr Dilip Kumar Patnaik graced the inaugural session, while HoD Dr Kailash Chandra Bandhu outlined the programme's objectives in computational and data-driven learning.

FDP on Technology-Enabled OBE Framework

The Faculty of Management Studies and Faculty of Commerce, in collaboration with AIU-MU AADC, organised a Faculty Development Programme on “Strengthening Outcome-Based Education (OBE) Framework through Technology Integration” on May 3, 2026. The programme covered research ethics, academic integrity, AI-driven research practices, and digital collaboration tools, highlighting the role of technology in strengthening OBE.

CII Malwa Meeting Enhances Industry Collaboration

The university, as a member of the Confederation of Indian Industry (CII), participated in the CII Malwa Zonal Council Meeting 2026. The university was represented by Shri Palash Garg, OSD to the Chancellor, and Dr Ravindra Pathak, CII Coordinator. The meeting included discussions with industry leaders on enhancing industry engagement and future collaborations.

AI-Powered Business Education Takes Centre Stage

The Department of Computer Science & Engineering inaugurated a two-week FDP on “Redefining Business Education in the Age of AI.” Hon’ble Vice Chancellor Prof. (Dr) Dilip Kumar Patnaik and Pro Vice Chancellor Prof. (Dr) Birajashis Pattnaik emphasized role of AI.

MII Foundation Represents University at AIM Samvaad

MII Foundation represented the university at the Regional AIM Samvaad The Central India Chapter, organised by Atal Innovation Mission, NITI Aayog, at Raja Ramanna Centre for Advanced Technology. Prof. Ram Bansal and Khushbu Pandey participated with leaders and incubators.

Industry Skill Program Launched with BOSCH

The university, in association with BOSCH India Foundation, inaugurated the “Automotive Two Wheeler Service Technician” skill development program on May 20, 2026. The 300-hour training program focuses on providing technical knowledge, hands-on experience, and industry-oriented skills in two-wheeler servicing. The initiative aims to enhance practical competency and improve career opportunities through skill-based learning.

FDP Empowers Faculty in Innovation and IPR

Medicaps University inaugurated a five-day Faculty Development Programme on Technology-Integrated IPR, Innovations and Project-Based Learning in Higher Education. Dr Dilip Verma delivered the keynote address, while Dr Shipra Ahuja Joshi welcomed participants, highlighting innovation, patent creation, and research excellence.

Training Sessions/ VACs

***“Skill today, Competence tomorrow,
Leadership for life.”***

Exploring Research Funding Opportunities

Coordinated by Prof. Ruchi Kushwaha, Prof. Sheetal Jaldhari and Chaired by Pro Vice-Chancellor Prof. (Dr.) Birajashis Pattnaik, the Departments of Management, Languages, and Law jointly organized an awareness session on ICSSR funding opportunities. The session celebrated the recent research success of Dr. Deepti Sharma, Dr. Shilpa Saxena Raghuvanshi, and Dr. Priyanka Gupta, who secured a major funded project. The program highlighted government research schemes, celebrated recent funding achievements, and encouraged faculty participation in impactful research initiatives.

Mindfulness Session Promotes Student Well-Being

Under the guidance of HoD Dr. Ravi Vyas and coordinators Prof. Vatsala Singh and Dr. Jitendra Talreja, the Department of Commerce organized a guided mindfulness and self-awareness session for first-year B.Com (Hons.) students. Led by psychologist Ms. Mayuri Soni, the interactive workshop encouraged emotional well-being, self-reflection, and personal growth.

Building a Safer Campus Through Fire Safety Training

Led by Prof. Rituraj Raghuvanshi and Fire Consultant Mr. Sourabh Sharma, the Department of Mechanical Engineering organized a Fire Awareness and Extinguisher Training Program for students and staff. The hands-on session provided practical knowledge of fire hazard identification, emergency response, and extinguisher usage.

Students Earn Certifications in Python Data Analytics

Coordinated by Prof. Nishant Shrivastava and Prof. Maya Baniya, in collaboration with ICT Academy, a Data Analytics using Python training program concluded with a certification ceremony for 60 participants. The event was graced by Prof. Shilpa Tripathi (Dean, Student Affairs), Prof. Juned Siddiqui (Associate Dean, T&P), and Prof. Kailash Bandhu.

CSE Department Conducts Intel Server Training

The Department of Computer Science & Engineering organised an Intel Server Meeting & Training Session under the guidance of Dr Kailash Chandra Bandhu, HOD, CSE Department. The session provided insights into Intel Server applications, working mechanisms, and practical use cases in academic and technical environments. The training was coordinated by Dr J. Angelin Blessy with support from Server In-Charge Avish Agrawal, enhancing technical awareness among participants.

Forensic Science Students Complete Computer Forensics Internship Module

Students of the Department of Forensic Science completed the first phase of their internship on Computer Forensics and Incident Response. Under the guidance of Prof. Ayushi Pawar, participants gained hands-on experience in digital evidence acquisition, forensic analysis, and cyber investigation techniques.

Forensic Training Brings Crime Scene Investigation to Life

The Department of Forensic Science successfully conducted the first internship module, “Science Behind Crime: Integrated Training in Crime Scene Investigation and Forensic Analysis,” for the B.Sc. Forensic Science students from an external university.

480+ Students Trained in Google AI & Machine Learning

Medicaps University, in collaboration with the EduSkills Foundation, organised a TechCamp and summer internship on Google AI and Machine Learning. Led by Prof. Diptanshu Pandya, the programme provided hands-on training.

Webinar on Natural Language Processing

The Department of Computer Science & Engineering organized an expert webinar on Natural Language Processing (NLP) for B.Tech Advanced AI students. Delivered by IBM expert Mr. Shailesh Kumar and coordinated by Prof. Divya Kumawat, the session highlighted real-world AI applications and emerging trends in NLP.

Advanced Digital Tools Training

The Department of Computer Science inaugurated a four-day refresher course on Advanced Digital Tools for Pedagogical Enhancement, held on June 20, 21, 27, and 28, 2026. Faculty members from multiple departments: Agriculture, Biotechnology, BJMC, Forensic Science, Languages, and Law gained practical exposure to Microsoft Excel, Python, data analytics, and research-oriented digital tools.

Forensic Training Brings Crime Scene Investigation to Life

The Department of Forensic Science successfully conducted the first internship module, “Science Behind Crime: Integrated Training in Crime Scene Investigation and Forensic Analysis,” for the B.Sc. Forensic Science students from an external university. Led by Prof. Anshuman Mishra and Prof. Adarsh Tiwari, the programme provided hands-on training in crime scene management, evidence documentation, forensic photography, criminal profiling, and investigative techniques.

Expert Lectures/ Alumni Talks

*“Wisdom shared, journeys revisited,
and futures inspired.”*

IIM Bangalore Expert Conducts Digital Marketing Workshop

The Faculty of Management Studies organized a workshop on Digital Marketing & Brand Management led by Mr. Kapil Bhargava from IIM Bangalore. The program equipped 47 students with practical insights into digital marketing strategies, brand positioning, and industry practices.

Expert Talk "IPR Basics for Innovations and Entrepreneurship"

Medicaps Innovation and Incubation Council (IIC-CFI) organized an expert talk on "IPR Basics for Innovations and Entrepreneurship" to create awareness about intellectual property protection among aspiring entrepreneurs. The session was delivered by Dr. Vipin Sharma, who provided valuable insights into patents, copyrights, trademarks, design rights, and the intellectual property filing process.

Alumni Meet: Commerce Connect 2026

The Department of Commerce successfully organized "Alumni Meet: Commerce Connect 2026". Celebrating the Echoes of Excellence" on 31 May 2026, coordinated by Prof. Vatsala Singh. The event brought together the 2019–2025 pass-out batch of alumni, providing a platform to reconnect, share professional experiences, strengthen alumni-institution relationships, and inspire current students through meaningful interactions.

Alumni Talk Guides Students from Campus to Career

The Department of Computer Science & Engineering organized an alumni talk, "From Campus to Career: Myths, Realities, and Recommendations," featuring alumna Ms. Jiya Solanki.

Adresse at National E-Conference on Central Budget 2026

Dr. Rekha Jain delivered the inaugural address at the Interdisciplinary National E-Conference organised by Shri Vyankatesh College, Buldhana. In her insightful presentation on the Central Budget 2026, she highlighted the “Three Kartavyas” as key pillars shaping India’s journey toward Viksit Bharat, offering participants a deeper understanding of the nation’s economic vision and development priorities.

Journalism Students Explore AI-Driven Media Trends

Students of the Department of Journalism & Mass Communication participated in a seminar at the Indore Press Club on “Traditional to New Media and Uses of AI in Journalism.” They interacted with media experts Mr Jaideep Karnik of Amar Ujala and Mr Bhuvnesh Sengar of Lapeta Digital News Channel, gaining insights into the future of journalism.

Research Reimagined: Scholars Master AI-Powered Literature Review

Faculty of Management Studies organized a workshop on “Digital Tools for Doctoral Success: Enhancing Literature Review using VOSviewer & AI.” Led by Prof. Rohit Joshi, the session equipped 50 research scholars with advanced bibliometric and AI-driven research techniques to strengthen their academic work.

IAS Officer Addresses Students on Digital Agriculture

The Department of Agriculture and the Competitive Exam Guidance Cell (CEGC) organized an expert session by Dr. Ravindra Pastor (IAS), CEO of E-FASAL. The session explored opportunities in Digital Agriculture, AI-driven farming, agribusiness, and entrepreneurship, inspiring students to embrace innovation in the agricultural sector.

Alumna Shraddha Kala Shares Insights on AI Product Design

The Department of Electronics Engineering hosted an alumni talk by Ms. Shraddha Kala (EC Batch 2004), who shared insights into AI-driven product design and its applications in modern engineering. She also guided students on industry-recognized certification pathways and emerging career opportunities in AI.

Workshop on IPR Protection and Startup Strategy

Medicaps IIC under the CFI banner organized a workshop on “Protecting IPR and IP Management for Startups.” Led by Dr. Ravindra Pathak, the session familiarized participants with patent laws, intellectual property protection, and effective IP management strategies for entrepreneurial ventures.

Expert Lecture on Role of Power Electronics

Department of Electrical Engineering hosted Prof. Ravindra Singh Mandloi of SGSITS for an expert lecture on “The Role of Power Electronics in Day-to-Day Life.” The session explored applications of power electronics in electric vehicles, renewable energy systems, and smart grids.

RRCAT Scientist Delivers Lecture on Spectroscopic Techniques

The Department of Chemistry hosted Mr. Vijay Kumar Dwivedi, Senior Scientist at RRCAT, Indore, for an expert lecture on spectroscopic techniques. The session covered the applications of UV-Visible, IR, and Raman spectroscopy in research, pharmaceuticals, environmental studies, and material science.

Commerce Department Hosts Alumni Interaction Session

The Department of Commerce organized an alumni interaction session featuring Ms. Aarti Kumari. The alumna shared her professional journey, placement experiences, and career insights, offering valuable guidance to students preparing for the corporate world.

Awareness Session on University Ordinance

The Department of Electronics Engineering organized an awareness session on the University Ordinance, conducted by Prof. Priyanka Nakul. The session familiarized faculty and staff with institutional regulations, academic procedures, and policies.

Expert Talk Explores Technology Readiness and Market Integration

Medicaps IIC and CFI organized an expert talk by Dr. Rupesh Chalisgaonkar, in the gracious presence of Dr. V. Ganesan (Dean Research Affairs), on Technology Readiness Levels (TRL), manufacturing readiness, technology transfer, and IP commercialization. The session provided valuable insights into transforming research outcomes into market-ready innovations.

Industry Insights from the Shop Floor

Department of Mechanical Engineering and Medicaps Alumni Association hosted an alumni talk by Mr. Ashish Kumar Mishra, Senior Production Manager at Mantram Technofab.

IBM-Led AI & ML Bootcamp Builds Future-Ready Skills

Coordinated by Prof. Divya Kumawat, the Department of Computer Science & Engineering organized a three-day expert session on AI and Machine Learning for B.Tech Advanced AI students. Led by IBM expert Ms. Shreya Sharma, the program focused on building end-to-end ML pipelines using real-world datasets.

Research Collaboration Initiatives in Agriculture

A research and collaboration session was organised for the Department of Agriculture faculty members on May 4, 2026, focusing on strengthening research activities, collaborations, and funding opportunities. The session highlighted the importance of developing a strong research ecosystem and included recognition of Dr Dipti Sharma, Dr Neetik Mukherjee, and Dr Arjun Medha for securing a funded research project. Discussions on project proposal writing, research ethics, and funding opportunities guided faculty members towards future research initiatives.

CSE Department Organises Intel Unnati Lab Session

The Department of Computer Science & Engineering organised a session on “Intel Unnati Lab Server Infrastructure & Applications” on May 19, 2026. The session was briefed by Dr Kailash Chandra Bandhu, HOD, CSE Department, coordinated by Dr J. Angelin Blessy, and presented by Mr Avish Agrawal. The session provided insights into Intel Unnati Lab resources, applications, and research opportunities.

Placements & Activities

***“Where aspirations meet opportunity
and careers take flight.”***

Career Catalyst 4.0

MU organized “Career Catalyst 4.0” in collaboration with Amazon Web Services (AWS), an event designed to equip students with practical skills, industry insights, and career clarity. Through expert sessions, hands-on workshops, and meaningful interactions, students gained valuable exposure to real-world expectations and emerging opportunities. An initiative focused on accelerating professional growth and future readiness.

GammaEdge Pre-Placement Session Boosts Career Readiness

The Department of Computer Science & Engineering organized a pre-placement online training session for GammaEdge aspirants. Led by Prof. Pankaj Malik, the program focused on technical preparation and interview strategies, while Dr. Kailash Chandra Bandhu, HOD-CSE, guided students on professional readiness. Alumna Ms. Rishika Sharma of GammaEdge shared valuable insights into the company's work culture and recruitment process.

JTP Aspirants Receive Focused Placement Mentoring

The Department of Computer Science & Engineering conducted intensive pre-placement interaction sessions for JTP-shortlisted students. Led by Dr. Sanket Gupta and Dr. Safdar Sardar Khan, the sessions emphasized interview techniques and technical preparation. Dr. Bandhu, HoD–CSE, motivated students with practical guidance for career success.

Driving Conversations for Future of Innovation and Entrepreneurship

MU was proud to be associated with Demo Day by MII Foundation, a dynamic platform bringing together startups, innovators, mentors, investors, and industry leaders to foster collaboration and growth. Mr. Vishal Rathod, Co-Founder & CTO, Hyperflex, New York, US, invited as a distinguished guest, sharing valuable perspectives on building scalable technology products and navigating global markets.

Preparing Students for Opportunities

MU hosted the Pre-Placement Talk by Tata Consultancy Services (TCS) for the B. Tech and MCA 2027 batch. With over 1,300 students in attendance, the session provided valuable insights into the recruitment process, career pathways, and the skills required to excel in one of the world's leading technology companies. This interaction strengthens the connection between academia and industry, empowering students to approach placement opportunities with confidence and clarity.

Breathing Data, Building Futures: Indore Scholar's Air Pollution Research Wins Global Acclaim

Indore, (ENS): In an era where clean air is becoming a luxury, an Indore-based researcher has turned scientific insight into global impact, earning international acclaim for decoding the city's invisible environmental challenges. In a moment of

Ruchir Lashkari, Assistant Professor at Medcaps University, has been honoured by the World Record of Excellence for his exceptional contribution to environmental research. The recognition highlights his dedicated efforts in studying and

urban life—air pollution. Dr. Lashkari's work stands out for its depth, precision, and real-world relevance. His research focuses on the monitoring, assessment, and prediction of air pollution levels along the busy Asian Highway 47, a critical transport corridor

quality. By employing advanced scientific methodologies and data-driven analysis, he has been able to map pollution patterns with remarkable accuracy.

What makes his study particularly impactful is its comprehensive approach. It not only measures pollutant concentrations but also evaluates their sources, seasonal variations, and potential future trends. Such insights are crucial for urban planners, policymakers, and environmental agencies striving to develop sustainable solutions for cleaner air. His predictive

forward-looking perspective, enabling authorities to take proactive measures rather than reactive ones.

The recognition from the World Record of Excellence is a testament to the global relevance of his work. It underscores how local research, when conducted with rigor and innovation, can contribute to broader environmental understanding and inspire similar initiatives worldwide. Dr. Lashkari's achievement also brings attention to Indore's growing role in academic research and environmental awareness.

विद्यार्थियों को व्यावहारिक ज्ञान के साथ नैतिक मूल्यों का पाठ पढ़ा रहे हैं

हाल के वर्षों में इंदौर की उच्च शिक्षा प्रणाली में क्रांतिकारी सुधार हुए हैं, जिसने शिक्षा और उद्योग के बीच की दूरी को मिटा दिया है। इस बदलाव ने विद्यार्थियों के लिए अपार संभावनाओं के द्वार खोल दिए हैं। हमारे विश्वविद्यालय ने समय की मांग को समझते हुए अपने पाठ्यक्रम को पूरी तरह से आधुनिक बनाया है। हमने पारंपरिक शिक्षण विधियों के स्थान पर 'लर्निंग बाय डूइंग' और डिजिटल तकनीकों को अपनाया है। वर्तमान में स्टूडेंट्स को केवल किताबी ज्ञान नहीं, बल्कि वह तकनीकी कौशल और व्यावहारिक अनुभव प्रदान किया जा रहा है, जिसकी मांग आज के ग्लोबल मार्केट में है। हमारे विद्यार्थियों को विभिन्न इंडस्ट्री इंटरशिप और लाइव प्रोजेक्ट्स के माध्यम से वास्तविक कार्यक्षेत्र का अनुभव मिल रहा है। इससे वे डिग्री पूरी करने से पहले ही प्रोफेशनल फील्ड की चुनौतियों का सामना करने के लिए तैयार हो जाते हैं। इस सफर में हमारी फैकल्टी की भूमिका मार्गदर्शक की रही है। हमारे शिक्षक न केवल शैक्षणिक रूप से समृद्ध हैं, बल्कि वे स्वयं इंडस्ट्री एक्सपर्ट भी हैं, जो कक्षा में अपने व्यावहारिक अनुभवों को साझा करते हैं। हमारा मानना है कि केवल कौशल एक पूर्ण व्यक्तित्व का निर्माण नहीं कर सकता। इसलिए, हमारे शिक्षण का मुख्य केंद्र 'कौशल और नैतिकता' का मेल है। हम विद्यार्थियों को व्यावहारिक ज्ञान व नैतिक मूल्यों और सामाजिक उत्तरदायित्वों का पाठ भी पढ़ा रहे हैं। जो उन्हें एक सफल प्रोफेशनल बनाएगा।

इंदौर शिक्षा के क्षेत्र में विश्व पटल पर अपनी एक विशिष्ट पहचान बना रहा है

मध्य प्रदेश की व्यावसायिक राजधानी इंदौर अब केवल अपनी स्वच्छता के लिए ही नहीं, बल्कि शिक्षा के क्षेत्र में भी विश्व पटल पर अपनी एक विशिष्ट पहचान बना रहा है। आज इंदौर एक ऐसे 'ग्लोबल एजुकेशन हब' के रूप में उभर रहा है, जहाँ शिक्षा की गुणवत्ता और वैश्विक मानकों का अद्भुत तालमेल देखने को मिलता है। इंदौर के प्रमुख शैक्षणिक संस्थान अब अपनी सीमाओं को लांघकर अंतरराष्ट्रीय स्तर पर अपनी उपस्थिति दर्ज करा रहे हैं। शहर के प्रतिष्ठित संस्थानों ने दुनिया भर की शीर्ष यूनिवर्सिटीज के साथ रणनीतिक 'टाई-अप' किए हैं। इन समझौतों के तहत 'स्टूडेंट और टीचर एक्सचेंज प्रोग्राम' चलाए जा रहे हैं, जिससे यहाँ के विद्यार्थियों को विदेशी शिक्षण पद्धतियों और सांस्कृतिक विविधताओं को समझने का मौका मिल रहा है। यह ग्लोबल एक्सपोजर छात्रों के दृष्टिकोण को व्यापक बना रहा है और उन्हें अंतरराष्ट्रीय प्रतिस्पर्धा के लिए तैयार कर रहा है। इंदौर की सबसे बड़ी ताकत यहाँ की शैक्षणिक विविधता है। यहाँ इंजीनियरिंग, प्रबंधन और चिकित्सा जैसे पारंपरिक क्षेत्रों के साथ-साथ डेटा साइंस, आर्टिफिशियल इंटेलिजेंस और डिजिटलिंग जैसे अत्याधुनिक कोर्सों भी उपलब्ध हैं। यह शहर देश का इकलौता ऐसा शहर है जहाँ IIT और IIM दोनों स्थित हैं, जो इसकी शैक्षणिक साख को वैश्विक मजबूती प्रदान करते हैं। यहाँ की शिक्षा प्रणाली केवल किताबी ज्ञान तक सीमित नहीं है।

Igniting Awareness: Fire & Safety Outreach Empowers Young Minds

Indore, (ENS): In a commendable step towards community engagement and student awareness, the Departments of Mechanical and Civil Engineering of Medcaps University, recently organized an impactful outreach activity on Fire and Safety Awareness at Atri Devi Government Higher Secondary School. The initiative aimed to educate young students about essential fire safety measures, emergency preparedness, and preventive practices—skills that are crucial in today's rapidly

evolving environment. The program was convened under the able guidance of Dr. Abhishek Shrotriya and Prof. Ashwin Parihar, whose vision for social

responsibility and technical outreach made the event both meaningful and effective. The highlight of the session was an insightful and engaging talk delivered

by Prof. Rituraj Raghuwanshi, who served as the keynote speaker. With a blend of practical knowledge and relatable examples, he emphasized the

importance of awareness, quick response, and presence of mind during fire-related emergencies.

Students were introduced to fundamental safety protocols, including the correct use of fire extinguishers, evacuation procedures, and methods to prevent fire hazards in everyday life. The interactive nature of the session encouraged active participation, making the learning experience both enjoyable and memorable for the young audience.

From Concepts to Conveyors: FMS Students Dive into Manufacturing at Safe Flex

Indore, (ENS): In a significant step towards experiential learning, 27 students from the BBA IV Semester (Sections A, B, and C) of the Faculty of Management Studies (FMS) embarked on an industrial visit to Safe Flex International Limited, Pithampur, on April 11, 2026. The visit aimed to bridge the gap between academic concepts and real-world business operations, offering students a firsthand look into modern manufacturing processes. During the visit, students were introduced to the production processes of a wide range of agricultural products, including Bulk Containers (FIBCs), lumber covers, container liners, agro nets, garden nets, and tensile fabrics. Observing these processes in action allowed students to understand the complexities of large-scale manufacturing and the precision required at every stage. One of the major highlights of the visit was the opportunity for students to connect their theoretical knowledge with practical applications. By witnessing workflow management and inter-departmental coordination, they gained a clearer perspective on production and operations management. The exposure to advanced machinery and automation further emphasized the role of technology in enhancing efficiency and productivity in the industrial sector. The visit also provided valuable insights into quality control mechanisms and workplace safety protocols, both of which are critical components of industrial operations. Students learned how companies maintain high standards to meet global requirements, especially in an organization like Safe Flex International Limited, which operates on a 100% export model.

Sundargarh Former Junior Engineer Gets 2-Yr RI

Bhubaneswar, 29/4/2026: Odisha Vigilance achieved another success in its anti-corruption drive after securing the conviction of a retired Junior Engineer from Balasankar Block in Sundargarh district. The court found him guilty of misappropriating government funds under the Employment Assurance Scheme. On Wednesday, April 29, 2026, the Special Judge (Vigilance), Sundargarh, convicted Anup Kumar Das, former Junior Engineer of Balasankar Block, for showing excess excavation work while constructing a pond under the scheme.

From Classroom to Cultivation: A Transformative Educational Tour Shaping Future Agri-Leaders

Indore, (ENS): An enriching five-day educational tour was successfully conducted from 28th April to 24th April 2026 for final-year students of the Department of Agriculture, offering a dynamic blend of experiential learning and industry exposure. Organized under the guidance of the Experiential Learning Program (ELP), the tour was supervised by Prof. Rajni Soni and Prof. Murlidhar Iyer, who ensured that students gained maximum academic and practical benefits from the journey. The primary objective of the tour was to bridge the gap between theoretical knowledge and real-world agricultural practices. It aimed to equip students with hands-on experience in modern agricultural technologies, irrigation systems, horticulture, and agribusiness management—essential components for shaping competent professionals in the agricultural sector. A key highlight of the tour was the visit to Jain Irrigation Systems Ltd., Jaggaon, Maharashtra. Here, students were introduced to advanced tissue culture technology, gaining insights into how disease-free and high-quality planting materials are developed. This exposure emphasized the critical role of biotechnology in enhancing crop productivity and sustainability. The students also explored well-maintained banana and mango orchards, where they observed scientific orchard management practices, efficient irrigation techniques, and modern crop production systems. Further enhancing their understanding, students were introduced to diverse grapefruit varieties, which highlighted the importance of genetic diversity in crop improvement programs. The visit also included a detailed overview of fruit processing and its economic significance.

Another significant stop on the tour was Sula Vineyards Ltd., Nashik, Maharashtra, a leading name in commercial viticulture. During this visit, students gained valuable insights into modern vineyard management, grape cultivation techniques, and wine production processes. They also learned about agribusiness operations, marketing strategies, and the functioning of large-scale agricultural enterprises. This experience broadened their perspective on high-value horticulture and agribusiness opportunities. Throughout the tour, students were actively engaged in observing, interacting, and learning from industry experts. This immersive experience enabled them to understand the practical applications of their academic curriculum, thereby strengthening their technical knowledge and professional confidence. The educational tour proved to be highly informative, enriching, and impactful. It not only enhanced students' academic understanding but also inspired them to explore innovative approaches in agriculture and agribusiness.

एआई की भूमिका और बढ़ती चुनौतियों पर विचार-विमर्श

मेडीकेप्स यूनिवर्सिटी में फैकल्टी डेवलपमेंट प्रोग्राम

इंदौर • मेडीकेप्स यूनिवर्सिटी में ईजीनियरिंग डिपार्टमेंट और कम्प्यूटर साइंस डिपार्टमेंट के लिए फैकल्टी डेवलपमेंट प्रोग्राम शुरू हुआ है। शनिवार को उद्घाटन सत्र में डीएवीवी के स्कूल ऑफ कम्प्यूटर साइंस के प्रोफेसर डॉ. आनंद सिंह जलाल मुख् अतिथि रहे। उन्होंने हार एजुकेशन में एआई की बढ़ती भूमिका और आने वाली चुनौतियों पर बात की। इसका मकसद टीचर्स, रिसर्चर और इंडस्ट्री एक्सपर्ट्स को

एक मंच पर लाना है, ताकि वे पढ़ाई, प्रशिक्षण प्रणाली और रिसर्च में एआई के इस्तेमाल को बेहतर तरीके से समझ सकें। कार्यक्रम में 12 एक्सपर्ट सेसन होंगे। इनमें भारत के अलावा मलेशिया और अमेरिका के एक्सपर्ट भी शामिल होंगे। कार्यक्रम कुलगुरु प्रो. (डॉ.) दिलीप कुमार पटनायक, डीन प्रो. (डॉ.) ए. कोसर, एसोसिएट डीन प्रो. (डॉ.) रलेश लियोरिया और संयोजक डॉ. स्वी भड के मार्गदर्शन में हो रहा है।

“Echoes of Care: Medicaps NSS Ignites Smiles @ Maheshwar Ashram”

Indore.(ENS):In a heartfelt initiative blending compassion with community engagement, the NSS Unit of Medicaps University, in collaboration with its Physics Department, organized an outreach visit to Anand BaseraVrudhashram in Maheshwar on April 25, 2025. The visit reflected the institution's commitment to nurturing empathy and social responsibility among students.

A team comprising NSS volunteers, research scholars, faculty members, and program officers assembled at the university before proceeding together. The event commenced with a traditional Ganesh Vandana, followed by vibrant cultural performances including songs, nukkadnata, and dances. The elderly residents actively

participated, filling the atmosphere with warmth, joy, and emotional connection. Their radiant smiles and laughter created unforgettable moments, highlighting the true essence of the initiative.

A total of 42 participants contributed to the success of the visit. Fruits and sweets were distributed among the residents, followed by a shared lunch that fostered a sense of togetherness and belonging. The team later visited the sacred Narmada River and the historic Maheshwar Fort, adding cultural enrichment to the experience.

During an interaction with the Vrudhashram management, NSS Program Officers Dr. P. Hari Krishna and Dr. Deepti Pal emphasized that such visits strengthen empathy, human connection, and civic

responsibility among volunteers. Faculty members Dr. Mohd. Shakil Qureshi and Dr. Bhawna Kshirsagar noted that the initiative provided research scholars with meaningful real-world exposure beyond academics.

The outreach stands as a testament to the transformative power of service, leaving a lasting impact on both volunteers and residents alike. The visit left a lasting imprint of compassion and mutual respect on everyone involved. It reinforced the importance of empathy and meaningful social engagement beyond academics. Such initiatives continue to shape socially responsible and emotionally aware individuals. Medicaps University remains committed to fostering service-driven learning and community connection.

“Nation Notices Talent: NSS Volunteer Chaitali Gupta Advances to MY Bharat Final Round”

Indore.(ENS):In a moment of immense pride and achievement, the NSS Unit of Medicaps University celebrates the remarkable accomplishment of its dedicated volunteer, Chaitali Gupta, a second-year B.Tech Computer Science student, who has been shortlisted for the Final Round of the prestigious MY Bharat Budget Quest 2026. Organized under the Government of India's MY Bharat initiative, the competition witnessed participation from over 12 lakh students across the nation, making her selection a truly outstanding feat.

The MY Bharat Budget Quest is a national-level platform aimed at engaging youth in policy awareness, financial literacy, and nation-building dialogue. The rigorous selection process comprised multiple stages, including an online quiz, a highly competitive shortlisting round, and a final round featuring exceptional analytical thinking, awareness, and articulation skills. Chaitali's journey through each stage to secure her place among the country's top participants.

The Final Round of the competition is scheduled to be held on April 12-13, 2026, in Bhopal, Madhya Pradesh. This prestigious stage will serve as a national dialogue platform, bringing together some of the brightest young minds of the country. The event holds special significance as it is associated with the Hon'ble Prime Minister of India, offering participants a unique opportunity to

contribute their ideas and perspectives on national development and budgeting.

The university leadership has extended heartfelt congratulations and blessings to Chaitali on her remarkable success. The Hon'ble Vice Chancellor, Pro Vice Chancellor, and Dr. Sanjay Jain have acknowledged her dedication, hard work, and commitment, recognizing her achievement as a reflection of the institution's emphasis on holistic development and excellence.

Chaitali's accomplishment not only highlights her individual brilliance but also underscores the spirit of service, leadership, and academic excellence nurtured within the NSS Unit of Medicaps University. Her journey serves as an inspiration to fellow students, encouraging them to actively participate in national initiatives and strive for excellence beyond the classroom.

The NSS Unit and the entire university fraternity extend their best wishes to Chaitali Gupta for the upcoming final round.

दिल से दिल की बात स्मार्ट वाटर मैनेजमेंट अपना ज़रूरी

इंदौर में जल संकट की परिस्थिति को देखते हुए स्मार्ट वाटर मैनेजमेंट की आवश्यकता बढ़ रही है। इंदौर में पर्यटन माना 135 लीटर प्रति व्यक्ति के मानक अनुसार लगभग 472 फ़ाइट प्रतिदिन है, जबकि वितरणाधी और अन्य उपयोग सहित कुल माना 650 से 700 फ़ाइट तक होता है। दूसरी ओर नर्मदा के तीनों फैजे से लगभग 540 फ़ाइट पानी प्राप्त होता है। भूजल दैन 118 प्रतिशत से अधिक हो चुका है। उपयोग किए गए पानी का 75 प्रतिशत भाग सैकेज में बदल जाता है, जो उपकरण के बंद पुनः उपयोग योग्य है।

“Where Tradition Meets Tomorrow: Students Immerse in the Living Legacy of Ram Janmotsav”

Indore.(ENS):In a rich blend of tradition and experiential learning, the Department of Commerce, along with the NSS Unit of Medicaps University, organized an enlightening educational visit to the 99th Dasiya Janmotsav, hosted by the Ram Samiti, in the heart of the city. The visit was designed to immerse students in the rich cultural tapestry of India, offering a unique opportunity to witness the vibrant traditions and spiritual significance of the Ram Janmotsav.

The visit emphasized the core principles of Indian Knowledge Systems (IKS)—holistic development, ethical living, and community participation. Students gained valuable insights into how festivals like Ram Janmotsav are not merely religious events but also social institutions that foster unity, discipline, and moral responsibility.

The program was successfully conducted under the visionary guidance of Dr. Priti Pandey, Dr. Ravi Vyas, and Dr. Malyaj Das. Their efforts ensured that the visit was both academically enriching and culturally inspiring. Students participated with great enthusiasm, making the event a truly impactful experience. Many described the experience as “eye-opening” and “deeply connecting,” as it allowed them to witness firsthand the vibrancy of India's intangible heritage. The visit also encouraged peer learning and reflection, strengthening the idea that education goes beyond textbooks.

Coordinator Dr. Himendra Tareja extended heartfelt gratitude to the university management for their continuous support in organizing such meaningful initiatives. He emphasized that such visits play a crucial role in shaping responsible and culturally aware individuals.

Immerse Connect 2026: Excellence, Bonds Beyond

Indore.(ENS):The College of Commerce organized its 11th Annual Immerse Connect 2026, a vibrant platform where students and faculty members came together to celebrate their achievements and foster a sense of community. The event was a testament to the college's commitment to excellence and its dedication to providing a platform for students to showcase their talents and skills.

The gathering beautifully blended tradition with modernity, featuring a variety of activities that reflected the strong bond between the department and its students. The event was a true celebration of the college's rich heritage and its commitment to excellence.

The program was graced by Dr. Souabha Dave, Head of the Department of Commerce, who delivered a keynote address emphasizing the importance of academic excellence and the role of the college in shaping the future of its students. Dr. Dave also highlighted the college's commitment to providing a platform for students to showcase their talents and skills.

The event was a true celebration of the college's rich heritage and its commitment to excellence. It was a testament to the college's dedication to providing a platform for students to showcase their talents and skills.

From Idea to Empire: How IPR Fuels the Startup Revolution

Indore.(ENS):In the age of ideas, innovation alone isn't enough—the real game-changer is how well you protect and leverage that idea. Medicaps University's Innovation Hub (IIC), under the banner of the Creativity and Innovation Forum (CIF), successfully hosted an insightful expert talk on “IPR Basics for Innovators and Entrepreneurs” on April 2, 2026. The session focused on spreading awareness about Intellectual Property Rights (IPR) and their pivotal role in nurturing and protecting innovative business ideas.

The keynote speaker, Dr. Vipin Sharma, emphasized that IPR is not merely a legal framework but a strategic tool that drives startup success. He highlighted that innovation is the backbone of every startup, and protecting that innovation is essential for long-term sustainability and growth. Intellectual Property Rights grant legal ownership and recognition to original ideas, inventions, designs, and creative works—allowing innovators to unlock their full commercial potential.

Addressing aspiring entrepreneurs, Dr. Sharma pointed out that every startup journey begins with a unique idea. However, the real value lies in securing that idea early through appropriate IPR mechanisms such as patents, trademarks, copyrights, and design rights. Taking timely action not only safeguards originality but also builds trust and credibility among investors, collaborators, and customers.

In today's competitive and fast-evolving business environment, IPR acts as a strong protective shield. It prevents unauthorized usage, duplication, and infringement, thereby strengthening a startup's position in the market. Moreover, a robust IPR strategy enables startups to create a distinct identity, maintain exclusivity, and stand out from competitors.

Dr. Sharma further explained that startups with well-protected intellectual assets are more attractive to investors, as IPR adds tangible value to intangible ideas. It enhances the company's valuation and provides a solid foundation for scaling operations confidently.

The session concluded with the key message that

Konnichiwa Indore 2026' Promotes Japan-Focused Education and Career Opportunities

● Students, Anime Enthusiasts and Parents Explore Japanese Language, Culture and Global Career Prospects

EW Correspondent, Indore:

In a significant initiative aimed at strengthening educational and cultural ties between India and Japan, Yen Academy, Indore successfully organized Konnichiwa Indore 2026, a unique awareness and career guidance programme dedicated to Japanese language education, higher studies, and employment opportunities in Japan.

The event witnessed enthusiastic participation from students, young professionals, anime enthusiasts, and parents, reflecting the growing interest among Indian youth in Japanese language, culture, and international career pathways.

Addressing the gathering, chief guest Dr. Arun Saxena (President JUMP)

highlighted the importance of understanding cultural diversity in today's interconnected world. He said that learning about different cultures and languages is a vital step toward becoming a global citizen and opens new avenues for personal and professional growth. Insights into Higher Education and Careers in Japan During the programme, experts introduced participants to various aspects of Japanese culture and language while providing detailed guidance on higher education opportunities, scholarship programmes, and career prospects in Japan. Speakers emphasized the growing relevance of Japanese language proficiency as a valuable skill for building international careers. Distinguished guests at the event included Parminder Chopra, Dr. Ravindra Pathak, and Mugdha Pandit. Japanese Language Expert Shares Opportunities for Indian Students A major highlight of the event was

the presence of Makoto Saito, who attended as a special guest. During an interactive session, Saito discussed the importance of learning Japanese, higher education opportunities in Japan, scholarship options, and emerging career prospects for Indian students.

He also conducted an engaging quiz session that enabled participants to learn more about Japanese language and culture in an interactive manner. Yen Academy Showcases Global Learning Opportunities

The event was led by Chetan Dhamorikar, whose institution specializes in Japanese language training, placement assistance, and study-abroad consultancy. Under his leadership, many students have successfully cleared Japanese language proficiency examinations such as JLPT and NAT, secured paid internships and employment opportunities in Japan, and pursued higher education abroad.

Bridging Hearts and Minds: FMS Leads Impactful Outreach @ Shri Shri Utkarsh Samiti, Indore

Indore, (ENS): In a world where management means compassion, the Faculty of Management Studies stepped beyond classrooms to create meaningful change. A commendable initiative blending management education with social responsibility, the Faculty of Management Studies (FMS), in collaboration with the Business Innovation Club, organized a meaningful outreach activity at Shri Shri Utkarsh Samiti, Indore. The organization is widely recognized for its dedicated efforts in supporting individuals with intellectual disabilities, making it an ideal platform for experiential learning and constructive engagement.

The outreach program witnessed enthusiastic participation from a team of committed faculty members, including Dr. Nihar Ranjan Agasti, Dr. Dipri Sharma, Dr. Aniket Sane, Dr. Priyanka Gupta, Prof. Hemant Anil Mahiya, Prof. Gunjali Trivedi, and Prof. Vidhi

Sadh, along with 12 students eager to contribute and learn. The visit provided a unique opportunity for participants to step beyond classroom learning and engage directly with the residents of the Samiti. Throughout the interaction, students and faculty members immersed themselves in understanding the daily lives, challenges, and aspirations of individuals with intellectual disabilities. This direct engagement fostered a deep sense of empathy and social awareness among participants. The faculty also engaged in insightful discussions with the NGO staff, offering constructive suggestions to enhance operational efficiency and support the holistic development of beneficiaries.

One of the key highlights of the program was its emphasis on applying management principles to the social sector. Participants explored how strategic thinking, problem-solving, and effective communication skills can significantly contribute to improving the functioning of non-profit organizations. This real-world exposure reinforced the importance of ethical leadership and socially responsible decision-making in professional life. The outreach activity also resulted in notable learning outcomes. Students developed stronger interpersonal and communication skills while interacting with diverse stakeholders. They gained practical insights into the complexities faced by marginalized communities, encouraging them to adopt a more inclusive and compassionate outlook. The experience served as a powerful reminder that management education extends beyond corporate success—it also plays a crucial role in societal development.

that management education extends beyond corporate success—it also plays a crucial role in societal development.

FMS expressed its heartfelt gratitude to the staff of Shri Shri Utkarsh Samiti for their warm cooperation and support, which made the initiative impactful and enriching. The institution also acknowledged the unwavering encouragement and guidance of university leadership, including the Hon'ble Vice Chancellor, Pro Vice Chancellor, Director of Academic Affairs, Dean of the Faculty of Management Studies, and Head of Department, whose support continues to inspire such meaningful endeavors. The program was successfully led by Dr. Nihar Ranjan Agasti, Dr. Aniket Sane, and Dr. Dipri Sharma. The event concluded on a note of gratitude, with a vote of thanks delivered by students Priyanshu and Shivani.

"Echoes of Care: Medicaps NSS Ignites Smiles @ Maheshwar Ashram"

Indore, (ENS): In a heartfelt initiative blending compassion with community engagement, the NSS Unit of Medicaps University, in collaboration with its Physics Department, organized an outreach visit to Anand Basera Vriddhashram in Maheshwar on April 25, 2025. The visit reflected the institution's commitment to nurturing empathy and social responsibility among students.

A team comprising NSS volunteers, research scholars, faculty members, and program officers assembled at the university before proceeding together. The event commenced with a traditional Ganesh Vandana, followed by vibrant cultural performances including songs, nukkadnata, and dances. The elderly residents actively

participated, filling the atmosphere with warmth, joy, and emotional connection. Their radiant smiles and laughter created unforgettable moments, highlighting the true essence of the initiative.

A total of 42 participants contributed to the success of the visit. Fruits and sweets were distributed among the residents, followed by a shared lunch that fostered a sense of togetherness and belonging. The team later visited the sacred Narmada River and the historic Maheshwar Fort, adding cultural enrichment to the experience.

During an interaction with the Vriddhashram management, NSS Program Officers Dr. P. Hari Krishna and Dr. Deepthi Pal emphasized that such visits strengthen empathy, human connection, and civic

responsibility among volunteers. Faculty members Dr. Mohd. Shakil Qureshi and Dr. Bhawna Kshirsagar noted that the initiative provided research scholars with meaningful real-world exposure beyond academics.

The outreach stands as a testament to the transformative power of service, leaving a lasting impact on both volunteers and residents alike. The visit left a lasting imprint of compassion and mutual respect on everyone involved. It reinforced the importance of empathy and meaningful social engagement beyond academics. Such initiatives continue to shape socially responsible and academically aware individuals. Medicaps University remains committed to fostering service-driven learning and community connection.

"Revolutionizing Doctoral Research: FMS Leads the Way with AI-Powered Scholarly Innovation"

Indore, (ENS): In a significant stride toward academic innovation and research excellence, the Faculty of Management Studies successfully organized an expert session titled "Digital Tools for Doctoral Success: Enhancing Literature Review using VOSviewer & AI" on April 10, 2026. The session marked a progressive initiative aimed at equipping doctoral scholars and academicians with advanced digital competencies essential for contemporary research. The event was conducted in the esteemed presence of Prof. Dr. Priti Pandey, Dean of Management Studies, whose continued support for academic advancement has been instrumental in fostering a culture of research-driven learning. The session was expertly delivered by Prof. Rohit Joshi, Assistant Professor at Medicaps University, who brought a wealth of knowledge and practical insights into the integration of artificial intelligence and digital tools in scholarly work. Focusing on the evolving landscape of research methodologies, the session highlighted the

transformative role of tools such as VOSviewer in simplifying complex literature reviews through data visualization and bibliometric analysis. Prof. Joshi emphasized how AI-powered tools can significantly enhance the accuracy and depth of academic research, enabling scholars to identify research gaps, map knowledge structures, and generate impactful outcomes. The workshop witnessed enthusiastic participation from around 50 research scholars and academicians, reflecting a strong interest in adopting innovative approaches to research.

"Blueprint to Bureaucracy: Medicaps University Empowers UPSC Aspirants with Winning Strategies"

Indore, (ENS): Aspirations met direction as Medicaps University turned the spotlight on Civil Services preparation through an inspiring and insight-driven session.

Blending expert guidance with real-world strategies, the event set the stage for students to transform ambition into achievement. In a dynamic initiative to empower aspirants of the Civil Services, the Competitive Examinations Guidance Cell (CEGC) at Medicaps University organized an insightful expert session titled "Campus to Collectorate: A Roadmap to Civil Services." The event, held at the Minor Auditorium from 12:15 PM to 01:15 PM, drew enthusiastic participation from students across multiple disciplines. The session brought together distinguished experts in the field of competitive exam preparation, including Mr. Rama Shankar, Academic Head and Faculty at UPSC Study Indore; Mr. Ravi Shankar, Manager at StudyIQ Indore; and Mr. Pavan Choudhary, Educator at Study IQ IAS. Each speaker shared practical strategies and real-world insights, offering students a comprehensive understanding of the UPSC examination journey.

Focusing on key aspects such as effective time management, subject selection, exam strategy, and the importance of consistency, the experts emphasized that success in Civil

Services demands not only hard work but also smart planning. They encouraged students to build strong conceptual clarity, maintain discipline in their studies, and engage in regular practice to stay ahead in the competitive landscape. Adding to the motivational atmosphere, the Pro Vice Chancellor addressed the gathering with an inspiring message. He urged students to remain focused on their goals, work with unwavering dedication, and make the most of such academic platforms. Highlighting perseverance as a cornerstone of success, he encouraged aspirants to dream big and stay committed to their ambitions.

The event concluded on a formal note with a vote of thanks delivered by Dr. Brindya Tater, followed by the National Anthem. An engaging interactive session allowed students to directly connect with the experts, seek guidance, and clarify their doubts, making the session both informative and impactful.

The program was successfully coordinated by a dedicated team comprising Prof. Divya Choushan, Dr. Rita Nagwal, Prof. Vinay Joshi, and Dr. Manita Gour, whose efforts ensured the smooth execution of the event.

Overall, the session proved to be a significant step in guiding and motivating students, equipping them with clarity, confidence, and a structured approach toward achieving their Civil Services aspirations. The session concluded on a high note, leaving students inspired, better informed, and more confident about their Civil Services journey.

[illegible]

लगभग 35 लाख की आबादी वाले इस शहर में जल मांग

इन्दौर के लिए अब जल पुनर्भरण और स्मार्ट वाटर मैनेजमेंट मॉडल की

इन्दौर आज देश के सबसे तेजी से बढ़ते शहरों में शामिल है। लगभग 35 लाख की आबादी वाले इस शहर में जल मांग लगातार बढ़ रही है। शहरी मानकों के अनुसार प्रति व्यक्ति प्रतिदिन लगभग 135 लीटर पानी की आवश्यकता मानी जाती है।

इस अभाव पर केवल पोलु जल मात्र लगभग 472 एमएलडी (मिलियन लीटर प्रति डे) केवल है। औद्योगिक, आवासीय, अस्पताल, होटल, संस्कृत तथा विगत नुकसान को छोड़ने पर शहर को कुल जल मात्र लगभग 650-700 एमएलडी तक पहुँच जाती है।

दूसरी ओर इंदौर को नगरीय पर्यवेक्षण के विभिन्न चरणों से

लगभग 540 एमएलडी पानी प्राप्त होता है। नगरीय पेज-II और पेज-II से लगभग 90-100 एमएलडी तथा पेज-III से लगभग 360 एमएलडी पानी शहर तक पहुँचता है। इसके बावजूद कई क्षेत्रों में पानी की कमी बनी रहती है। इसका प्रमुख कारण पानी का रीकेज, लीक तथा नगरिकों द्वारा जल को बर्बाद भी है।

ग्राउंडवाटर के मामले में स्थिति और अधिक निराशाजनक है। पाला सरकारी के क्षेत्र में भूजल खोई की क्षमतात्मक ग्राउंड वाटर रिजर्वेशन 2024 रिपोर्ट के अनुसार भारत अपने उपलब्ध भूजल का लगभग 60 प्रतिशत उपयोग कर रहा है। वहीं इंदौर का भूजल निचालने का स्तर लगभग 118.84 तक पहुँच चुका है। इसका अर्थ है कि शहर जितना भूजल रिचार्ज कर पा रहा है, उससे अधिक पानी जमीन से निकल जा रहा है। साल भर में

जैसे कालों में किया जा रहा है, जबकि इन कार्यों के लिए उपयुक्त जल पुनः उपयोग किया जा सकता है। जो अब इंदौर में शुरू हो चुका है वह एक कंटेनरेशन को खाते हैं घाट के अनुसार पानी में उपयोग किए गए पानी का लगभग 75% हिस्सा रीवेजल पानी के रूप में बाहर निकलता है। वहीं प्रति व्यक्ति 135 एमएलडी पानी की आवश्यकता है, तो लगभग 100 एमएलडी पानी ट्रेटमेंट के बाद दोबारा उपयोग योग्य होता है।

इसीलिए अब इंदौर को टूटन पावसात सिस्टम अपनाते हैं। इस व्यवस्था में, एक चढ़ा चालन कोलेक्ट ड्रिपिंग वाटर के लिए, जबकि दूसरी ट्रेड ग्रेवाइज वाटर के लिए होती है। ग्रेवाइज वाटर का उपयोग प्लास्टिक, गार्डनिंग, कार वॉशिंग, कंटेनरेशन तथा क्लीनिंग

में किया जा सकता है। यदि शहर के रीवेजल उपचार संयंत्र (एसटीपी) से निकलने वाले उपचारित दूधिल जल को अलग पावसातन व ट्रेटमेंट द्वारा उपयोग में लाया जाए, तो कोलेक्ट वाटर की मांग में भारी कमी आई जा सकती है। इससे ग्राउंडवाटर एक्सप्लोरेशन, टैंकर पर निर्भरता और भविष्य में जल संकट, लीक कम होंगे।

इसके साथ-साथ शहर में स्मार्ट रीकेज डिटेक्शन सिस्टम, आई टी आधारित प्रेजर मॉनिटरिंग, रेवाटर एक्सेलेंट ऑडिट, रिचार्ज रिप्ले, प्रबंधन की प्रवृत्ति है। अने काले समय में चले शहर सुविधा योगी हो खुद को recycle, reuse और रिचार्ज कर सके।

“Every Drop Counts: Reimagining Indore’s Water Future”

Indore (ENS): Indore has earned national recognition as one of India’s fastest-growing and most progressive cities. With a population nearing 3.5 million, however, its next major challenge is no longer cleanliness or infrastructure expansion—it is water sustainability. The city now stands at a crucial turning point where traditional water supply systems must evolve into a smarter, circular, and future-ready water management model.

Yet, many neighbourhoods continue to experience shortages. The reasons are clear: distribution leakages, transmission losses, inefficient consumption patterns, and widespread water wastage.

The situation becomes even more concerning when groundwater is considered. According to India’s Dynamic Groundwater Resources Report 2024, Indore’s groundwater extraction level has reached nearly 118.84 percent. This means the city is withdrawing more groundwater than it can naturally recharge. In simple terms, Indore is overdrawing from its underground water “bank account.”

As per urban planning standards, each resident requires approximately 135 litres of water per day. This translates to a domestic water demand of nearly 472 million litres per day (MLD). When commercial establishments, industries, hospitals, hotels, institutions, and distribution losses are included, Indore’s total water demand rises to nearly 650-700 MLD.

On paper, the city receives about 540 MLD of water through different phases of the Narmada water supply project. The unchecked rise of private and often illegal borewells has worsened the problem. During summers, groundwater extraction for tanker supply intensifies significantly. When recharge remains low and withdrawal continues unchecked, aquifers slowly deplete, causing borewells to fail and increasing long-term water insecurity.

Empowering Ideas, Enabling Impact: MII Foundation Represents Medics at AIM Sumvaad- 2026

Indore (ENS): Strengthening its commitment to fostering entrepreneurship and innovation, the MII Foundation of Medics University proudly represented the university at the prestigious Regional AIM Sumvaad—The Central India Chapter, hosted at the esteemed Raja Ramanna Centre for Advanced Technology. Marking a milestone in its entrepreneurial journey, the MII Foundation showcased Medics University’s vibrant startup ecosystem at the prestigious Regional AIM Sumvaad—Central India

Chapter. The event, organized by Atal Innovation Mission, brought together some of the most prominent incubators, policymakers, innovators, and startup ecosystem enablers from across Central India to deliberate on collaborative growth, innovation-led development, and entrepreneurship opportunities. Representing the MII Foundation, Prof. Ram Bansal and Khushbu Pandey actively participated in various high-impact sessions

focused on ecosystem outreach, institutional collaboration, networking, and knowledge exchange. Their presence reflected the university’s growing role as a catalyst for startup development and innovation-driven transformation in the region. The delegation engaged with leading incubation centers and innovation experts, exchanging ideas and exploring future collaborations aimed at empowering young entrepreneurs and creating a stronger support framework for emerging startups.

“Empowering Educators for the Future: FDP on Outcome-Based Education Embraces Technology-Driven Learning”

Indore (ENS): Redefining the future of education, the FDP on Outcome-Based Education sets the stage for a transformative blend of innovation, technology, and learner-centric excellence. The 5-Day Faculty Development Programme (FDP) on “Strengthening Outcome-Based Education (OBE) through Technology Integration” commenced on an inspiring note, bringing together academicians and experts committed to transforming modern education. The inaugural session set the tone for the programme by emphasizing innovation, collaboration, and a shift toward learner-centric teaching methodologies.

The session was led by Dr. Priti Pandey, who highlighted the growing importance of Outcome-Based Education in aligning teaching practices with measurable student outcomes. She stressed that education today must move beyond traditional content delivery and focus on environments and outcome student-centered approaches. Introducing the FDP, Dr. Ravi Vyas elaborated on the vision behind the initiative, noting its role in fostering collaborative learning among faculty members and encouraging the adoption of innovative pedagogical strategies. The programme aims to equip educators with the tools and insights required to embrace technology-driven learning, ensuring a balance between technological advancement and enhancing the teaching-learning process. Faculty upskilling and the integration of Information and Communication Technology (ICT) were emphasized as essential components of modern education. The two-day session concluded with a heartfelt vote of thanks by Dr. D.K. Pandey, marking a promising start to the FDP. Day 2 of the

गांबिया, वियतनाम और भूटान जैसे मित्र देशों के चार अधिकारी भी शामिल

40 सैन्य अधिकारियों को कंप्यूटर विज्ञान में बीटेक की डिग्री दी

नईदुनिया प्रतिनिधि, मह/इंदौर: मिलिट्री कालेज आफ टेलीकम्युनिकेशन इंजीनियरिंग (एमसीटीई) के सिग्नल आफिसर्स डिग्री इंजीनियरिंग कोर्स-113 और टेक्निकल एंटी स्कीम कोर्स-45 के अधिकारियों को स्नातक होने पर “संचार और कंप्यूटर विज्ञान” में बी-टेक की डिग्री प्रदान की गई। एमसीटीई में आयोजित दीक्षा समारोह में 40 अधिकारियों को इंजीनियरिंग की डिग्री प्रदान की गई। इनमें गांबिया, वियतनाम और भूटान जैसे मित्र देशों के चार अधिकारी भी शामिल थे। एमसीटीई कमांडेंट लेफ्टिनेंट जनरल प्रवीण बख्शी ने इन अधिकारियों को इंजीनियरों के समुदाय में शामिल किया। मेजर जनरल गौतम महाजन ने सभी स्नातक अधिकारियों ने अपने कर्तव्यों के निर्वहन में पेशेवर प्रभावशाली बंधन के शपथ

दीक्षांत समारोह के दौरान उपस्थित अतिथिगण, वरिष्ठ अधिकारी और डिग्री प्राप्त करने वाले अधिकारी अधिकारी। • सौजन्य एमसीटीई

दिलाई। मुख्य अतिथि इलेक्ट्रानिक्स व सूचना प्रौद्योगिकी मंत्रालय (एमईआईटीवाय) के सचिव आइएसएस एस. कृष्णन थे। उन्होंने स्नातक अधिकारियों को उनकी निरंतर कड़ी मेहनत और प्रदर्शन के लिए बधाई दी। उन्होंने आत्मनिर्भर भारत

के विजन को आगे बढ़ाते हुए राष्ट्रीय सुरक्षा को मजबूत करने के लिए उपरती प्रौद्योगिकियों का उपयोग करने के लिए एमईआईटीवाय और एमसीटीई के बीच रणनीतिक साझेदारी पर भी प्रकाश डाला। दीक्षा समारोह में पाठ्यक्रम के लिए योग्यता के क्रम में पहला स्थान क्रमशः मेजर

कृष्णपाल सिंह और लेफ्टिनेंट कपिल ने प्राप्त किया। उन्हें उनकी उपलब्धियों के लिए चीफ आफ आर्मी स्टाफ (सीओएस) और सिग्नल आफिसर्स-इन-चीफ की ट्राफियां और स्वर्ण पदक से सम्मानित किया गया। कार्यक्रम में शिक्षा और उद्योग जगत की कई गणमान्य

हस्तियां उपस्थित थीं, जिनमें डीएवीवी, मेडिकेप्स विश्वविद्यालय के कुलपति, आईआईएम इंदौर के एसोसिएट डीन, प्रशिक्षक और उतीर्ण छात्रों के अभिभावक शामिल थे। एमसीटीई को आर्टिफिशियल इंटेलिजेंस, साइबर सुरक्षा, क्वांटम में योगदान देने पर गर्ती है।

“Beyond Academics, Beyond Boundaries - Where Leadership, Service, and Team Spirit Thrive.”

‘Campus to Collectorate’ Session Guides UPSC Aspirants

The Competitive Examinations Guidance Cell (CEGC) organized “Campus to Collectorate,” an expert session for UPSC aspirants. Resource persons Mr. Rama Shankar, Mr. Ravi Shankar, and Mr. Pavan Choudhary shared effective preparation strategies and insights into civil services examinations. Pro Vice-Chancellor Prof. (Dr.) Birajashis Pattnaik encouraged students to make the most of such opportunities, while the event was coordinated by Prof. Divya Chouhan, Dr. Rita Nagwal, Prof. Vinay Joshi, and Dr. Mamta Gour.

Roadmap to Top B-Schools: Experts Decode MBA Entrance Success

The Competitive Examinations Guidance Cell (CEGC), in collaboration with the Faculty of Management and Commerce, organized a session on Management PG Entrance Exams for 180 students. Expert Mr. Anirudh Maheshwari shared preparation strategies for CAT, XAT, and NMAT, while Pro Vice-Chancellor Prof. (Dr.) Birajashis Pattnaik highlighted international MBA opportunities in South Korea, Malaysia, and France. The session was coordinated by Dr. Bindiya Tater and her team.

Bollywood-Themed Celebration Showcases Student Creativity

The Cultural Club, under the guidance of Dr. Preeti Jain, organized a vibrant Bollywood-themed event featuring more than 35 student participants. Through music, dance, drama, and creative portrayals of iconic film personalities, the celebration highlighted artistic talent and cultural expression on campus.

Lupin Expert Highlights Careers in Biotechnology and Pharma

The Department of Biotechnology and CEGC hosted Mr. Yogesh Shrivastava, Head of Microbiology at Lupin Ltd., for an expert career talk. Coordinated by Dr. Anila Juhi, the session provided insights into pharmaceutical industry practices, career opportunities, and key employability skills required for success.

IKS Cell Celebrates Excellence in Bhartiya Sanskriti Gyan Pariksha

The IKS Cell announced the results of the Bhartiya Sanskriti Gyan Pariksha conducted in collaboration with Shantikunj, Haridwar. On the occasion, DoAA Prof. (Dr.) A. A. Koser felicitated Prof. Divya Chouhan and Prof. Sunil Patidar for their outstanding coordination efforts. The initiative was conducted under the leadership of Dr. Malyaj Das.

Chaitali Gupta Reaches National Finale of MY Bharat Budget Quest 2026

Miss Chaitali Gupta, a second-year B.Tech CSE student and NSS volunteer, has been shortlisted for the Final Round of MY Bharat Budget Quest 2026 from over 12 lakh participants nationwide. She will represent the university at the national-level dialogue platform in Bhopal.

Springer Nature Workshop Empowers Faculty Researchers

The NDLI Club and Central Library organized a training session on “Mastering Springer Nature Link: Smart Research Strategies.” Led by Ms. Alpana Sagwal, Head–Customer Engagement, Springer Nature. The program was organized under the leadership of Dr. Anurag Kumar Khare.

Rachita Rathore Represents Medicaps in National Youth Dialogue

Ms. Rachita Rathore, a third-year CSE student, represented the Republic Day State Camp 2026 in a prestigious interaction with Ms. Pallavi Jain, Secretary, Youth Affairs, New Delhi. The event, attended by senior NSS officials, focused on strengthening youth participation and leadership at the national level.

Saksham Tomar Advances to MY Bharat Budget Quest National Finals

Mr. Saksham Tomar, a third-year B.Tech CSE student, has been shortlisted for the Final Round of MY Bharat Budget Quest 2026 from more than 12 lakh entries across the country. He will represent the university at the national dialogue platform in Bhopal and was congratulated by the Hon'ble Vice-Chancellor, Pro Vice-Chancellor, and Mr. Akshit Garg, Director-Administration & Finance.

NSS Volunteer Represents University at BRICS Meeting

Mr Garvit Acharya, NSS Volunteer, represented the university at the BRICS Youth EWG Meeting 2026 held on May 19, 2026, at Hotel Marriott, Indore. During the event, he interacted with delegates from 11 BRICS nations and participated in discussions related to the meeting agenda and proceedings. He also engaged with officials, including Mrs Raksha Khadse, Sports and Youth Affairs Minister, Government of India, and representatives from the NSS Regional Directorate, Bhopal.

Youth Parliament 2026 Fosters Leadership and Civic Engagement

The Media Club successfully organized Youth Parliament 2026, providing students with a platform to debate contemporary issues and showcase leadership skills. The event encouraged democratic participation, critical thinking, and public speaking, while cultural performances added vibrancy to the proceedings.

NSS Connect with Elderly Residents at Anand Basera

The NSS Unit and Department of Physics organized an outreach visit to Anand Basera Vrudhashram, Maheshwar. A team of 36 volunteers and research scholars engaged residents.

Arpita Kakani Wins Bronze at National Ju-Jitsu Championship

Medicaps University athlete Arpita Kakani secured a Bronze Medal in the +70 kg category at the All India Inter-University Ju-Jitsu Championship held in Bhopal. Congratulated by the Hon'ble Vice-Chancellor and Sports Officer Dr. Jitendra Asati, her achievement adds another milestone to the university's sporting accomplishments.

Literary Creations

“Ink & Lens”

“Where words breathe, and images speak - the creative heartbeat of Medicaps.”

The Beauty of Blue Mind & The Quiet Flame of Fire

Prof Nilesh Gupta

Assistant Professor,
Faculty of Pharmacy

These paintings speak softly yet powerfully to young minds. They remind us that true strength does not come from artificial speed or modern excess but from the wisdom of our roots. The humble lamp, fruits, and coconut symbolize nourishment, patience, and balance values shaped by tradition and nature. Our heritage teaches self-reliance, harmony with the environment, and respect for simple, wholesome living. In a world chasing instant results, these visuals affirm that ancient traditions still hold unmatched power. They urge the youth to rediscover cultural knowledge, natural foods, and mindful living as the foundation for a healthier, wiser, and more meaningful future.

25 Years of Growth, Gratitude, and Great Memories

“When I first walked through the gates of Medicaps 25 years ago, I never imagined that this institution would become such an inseparable part of my life. What began as a professional association gradually transformed into a relationship built on purpose, memories, emotions, and an enduring sense of belonging.”

Some journeys are measured in years, while others are measured in the lives they touch and the dreams they help shape. My journey with Medicaps has been both. As a founder member, I have been fortunate to witness every stage of its evolution from a humble institution with just 240 students and a handful of faculty members to a thriving university that today nurtures more than 13,000 students with the support of over 580 dedicated faculty members. Yet, for me, the story of Medicaps is far more than numbers and milestones.

Prof. (Dr.) Preeti Jain
DOFE

I still remember the early days the excitement of building something meaningful, the challenges that often seemed larger than our resources, and the collective determination that kept us moving forward.

Every classroom that was created, every student who graduated, every achievement that was celebrated felt deeply personal. We were not merely developing an institution; we were nurturing a dream. Over the years, I have seen generations of students enter the campus with aspirations in their eyes and leave with confidence, knowledge, and purpose.

Their success stories have been among the most rewarding moments of my journey. Watching young minds grow into accomplished professionals and responsible citizens has filled me with immense pride and satisfaction.

The transformation of Medicaps from an institute into a university was one of the most emotional and defining chapters of my life. It was not just a change in status it was the realization of a vision that many of us had carried in our hearts for years.

Seeing the campus expand, new disciplines emerge, state-of-the-art laboratories and research facilities take shape, and a vibrant academic culture flourish was like watching a child grow, mature, and spread its wings.

To me, Medicaps has always been like a tiny seed that we planted with hope and faith. Today, it stands as a magnificent tree with deep roots and countless branches, providing opportunities, inspiration, and shelter to thousands. Every branch tells a story of growth, and every leaf reflects the dedication of those who have contributed to this remarkable journey.

What makes this relationship truly special is the feeling of belongingness that has grown stronger with each passing year. Medicaps is not merely my workplace or an institution I helped build it is a part of who I am. It has shaped my professional identity, enriched my personal life, and given me a sense of purpose that few experiences can offer.

The campus holds countless memories moments of joy, challenges overcome together, celebrations of success, and even difficult times that strengthened our resolve. These memories are woven into the fabric of my life, making Medicaps much more than an organization; it is a family, a home, and a lifelong companion in my journey.

As I reflect on these 25 years, my heart is filled with gratitude for the colleagues who became friends, the students who inspired me, and the institution that allowed me to grow alongside it. The journey has been deeply fulfilling, emotionally enriching, and profoundly meaningful. And as I look toward the future, I do so with the same sense of pride, affection, and commitment that I felt on the very first day. The story of Medicaps continues, and I feel privileged to remain a part of its ever-evolving legacy.

पिता दिवस के अवसर पर

“पूज्य पिताजी को समर्पित”

अनायास ही जीवन - कला प्रतिपल सिखलाते,
सहसा ही सरल, सहज पथ प्रदर्शक बन जाते ।
अनुभवी आचार विचार और कर्मों से,
लाखों का जीवनसार बतलाते ।
पिता के आशीर्वचन सुखी समृद्ध बनाते ।
कठिनाईयों का गूढ़ निदान पिता बन जाते,
प्रयासों की सही दिशा पिता बन जाते,
पारिवारिक प्रेम, त्याग और समृद्धि
की परिभाषा पिता बन जाते ।
गृहस्थ जीवन की सफल, विराट,
अनूठी दींव पिता बन जाते ।

क्या नहीं सिखलाते पिता,
गलतीयों पर सूरज की गर्मी हैं पिता,
तकलीफों पर चाँद सी ठंडक हैं पिता ।
निर्णयों पर अनुभवों की खान हैं पिता,
मर्मस्पर्शी, कठोर, मुलायम अप्रतिम हैं पिता,
नायाब पुरुषार्थ पुरुष रूप में,
ईश्वर का प्रेरक वरदान है पिता ॥

पिता...
पहला गुरु, पहला मित्र
हमेशा साथ

पिता का साथ...
जीवन की सबसे बड़ी सौगात

शिक्षा देते हैं

संस्कार देते हैं

साहस देते हैं

सुरक्षा देते हैं

जीवन जीना सिखाते हैं

मेरे जीवन के हर पल, हर सफल कदम के पीछे आप ही का हाथ है पिताजी ।

आपका आशीर्वाद ही मेरी सबसे बड़ी पूँजी है ।

Prof Suyog Munshi

Assistant Professor, ECE
Faculty of Engineering

लेक्चर, लैब और लाइफ़

सुबह 8.30 बजे की अटेंडेंस से दिन शुरू होता है,
क्लाइटबोर्ड पर सर्किट बनाते-बनाते गला सूखता है।
कोई पूछता "सर ये GATE में आएगा?",
कोई कहता "सर PPT भेज देना बस"।

कभी NAAC की फाइल, कभी NBA का डाटा,
कभी स्टूडेंट का प्रोजेक्ट, कभी पेटेंट का वादा।
"सर रिसर्च पेपर लिखना है" से लेकर,
"सर प्लेसमेंट नहीं हुआ" तक का सारा ज़िम्मा।

लैब में फ्यूज़ उड़ते हैं, और उम्मीदें भी,
थ्योरी क्लियर होती है, पर करियर का डर भी।
मैं कहता हूँ "बेटा कॉन्सेप्ट पकड़ो",
वो कहते हैं "सर बस पैकेज बता दो"।

पर फिर कोई रात 11 बजे मैसेज करता है —
"सर कोड रन हो गया, थैंक्यू"।
कोई कन्वोकेशन में माँ-बाप से मिलवाता है —
"इन्होंने ही सिखाया था सर"।

बस इतने में सारी थकान उतर जाती है,
सारी मीटिंग, सारा वर्कलोड बिसर जाता है।
पता है सैलरी से घर चलता है,
पर सुकून इन "थैंक्यू सर" से मिलता है।

Prof Sanjiv Kumar Jain

Associate Professor, EE
Faculty of Engineering

Chemistry of Life

Life is like chemistry, where every experience is a reaction and every decision alters the equation of our existence. We constantly undergo physical and emotional changes, much like endothermic and exothermic reactions, absorbing and releasing energy through joy and sorrow. Our relationships form unique bonds—some as strong as covalent bonds, others as temporary as van der Waals forces. Challenges in life increase the activation energy, testing our strength, while motivation works as a catalyst, accelerating our progress without being consumed. Human life also has its catalysts. Teachers inspire curiosity, mentors encourage confidence, friends provide support, and challenges awaken resilience. These influences may not determine our destiny, but they often accelerate personal growth and transformation.

Just as balance is essential in chemical equations, maintaining harmony in emotions, relationships, and actions is crucial for a meaningful life. At times, we reach a state of equilibrium, balancing success and failure, stability and change. However, life can also face entropy, leading to disorder if not managed with discipline and purpose. Like a buffer solution, patience helps us resist sudden emotional changes, maintaining inner stability. Ultimately, by maintaining the right pH of attitude and controlling the rate of reaction in our actions, we can create a harmonious and meaningful life composition. Life teaches us that with the right mix of patience, effort, and positivity, we can turn even difficult situations into something valuable and beautiful.

Ultimately, life is like chemistry because both are governed by interaction, transformation, and balance. Chemistry explains the molecular foundations of living systems, while its principles offer meaningful insights into personal growth and human experience. To understand chemistry is to appreciate that change is natural, balance is essential, and every interaction has the power to create something new. In this sense, chemistry is not only the science of matter—it is also a profound metaphor for life itself.

उच्च विचार की धारा ले कर ...
नई सोच की धारा दे कर ...
मर्यादा के पथ पर चल कर ...
इस विश्व को नया सा बनाए हम ...
समाज को आगे बढ़ाए हम....

Knowledge is Power जिसको हमने पाया है
Medicaps में सपनों को सच कर दिखाया है
